The Fresno Republican.

VOL. XXXVI . 97. FRESNO, CALIFORNIA, TUESDAY, OCTOBER 5, 1909. PRICE FIVE CENTS

NOISY CROWD DISTURBS TAFT

Sacramento Address Is Cut Off Short Because of Failure to Keep Good Order.

LONG RIDE GIVES PRESIDENT REST

In Address Chief Magistrate Upholds Roosevelt Crusade Against the "Malefactors of Great Wealth."

SACRAMENTO, Oct. 4.—After making one of the longest jumps of his trip and traveling for twenty-five hours through the state of Oregon and northern California, President Taft arrived here tonight at 7:10 p. m., to remain until 4 o'clock tomorrow morning, when he proceeds to Oakland and San Francisco.

The president was met at the station by another of the large crowds that have marked his advent into every Western city he has visited. During his stay here, Mr. Taft was entertained at dinner, was taken for an automobile ride through the city to be cheered all along the route and made an address in the state capitol grounds. The president selected for the principal feature of his address the conservation of natural resources, in which he declared anew that, before many of the Roosevelt policies of conservation can be carried into effect, confirmation and enabling legislation must be secured, and he pledged himself to use all his power to induce Congress to pass the laws that are deemed necessary.

Having already made a number of set speeches covering the various subjects he expects to incorporate in his message to Congress in December, the president during the rest of his tour will take for discussion in more or less detail, many of the phases of the larger questions, for he believes that the details count more than a more general declaration of policy.

ENJOYED THE TRIP.

While to the average mind the thought of a day and night of uninterrupted travel suggests discomfort and fatigue, the twenty-five hours between Portland and Sacramento proved to be a period of real rest and enjoyment for the president. The only stops made on the way were at division points—stops necessary to the operation of the train. There were crowds at each of these places and the president appeared on the rear platform of his car to shake hands of to make a few pleasantly informal remarks.

At Dunsmuir, near the foot of Mount Shasta, the president declared that a night of solid sleep and the bracing air of northern California had entirely "knocked out" the cold he had contracted in Seattle.

Taft thoroughly enjoyed his trip on the train. He read a little, lounged about the car, played a friendly game of "bridge" with members of his party, and during the five or six hours Mount Shasta was in sight, admired that towering peak in all the changing aspects the winding railroad brought to view. Shasta was really the first of the great mountains of the West the president met has seen on this trip. When he was in Colorado Pikes Peak was hidden in a cloud bank. While he was in Seattle the weather was cold and gray and the peak which is known on the Seattle side as Mount Rainier, and on the Tacoma side as Mount Tacoma was nowhere to be seen. Today, however, while crossing the Siskiyou range, Mount Shasta, rising more than 14,000 feet above the sea, burst into view and remained in sight until well into the afternoon. A fringe of white clouds clustered about the snow line, adding a touch of beauty and separating the green verdure of the lower half of the mountain from the dazzling white above.

HIS YOSEMITE TRIP.

The president declared today that he has been overwhelmed with the reception he had received everywhere on the trip. He said the crowds and the cheers were probably those that every president received on such a tour, yet this fact made them none the less welcome and none the less inspiring to him who happened for the time being to be the central figure in the picture—the temporary chief magistrate of the nation.

After spending tomorrow in San Francisco, President Taft heads for the Yosemite Valley and is looking forward to that feature of his trip with the greatest pleasure.

Taft has been warned that the dust going into and coming out of the park this time of the year is fairly suffocating, but his enthusiasm in the trip has not been in the least diminished. Special khaki outfits will be secured by the president and his party for the three days' trip.

RECEPTION AT RED BLUFF.

President Taft was welcomed into California at Red Bluff by Governor Gillett, Lieutenant Governor Porter, Senator Perkins, Former Secretary of the Navy Victor Metcalf, M. H. De Young of San Francisco, and other members of a committee gathered from different sections of the state. Members of the committee from San Francisco represented supporters of both factions of the "graft prosecution." Representatives McKinlay and Knowland also helped to extend California's welcome to the chief executive. Senator Bordh of Oregon accompanied the president all the way to Sacramento.

Speaking from the car end at Dunsmuir, Cal., today, President Taft said:

"I am on a tour of some 13,000 miles and am trying to gather information as we go with reference to the condition of the country, and at the same time to give you a superficial aspect of the man whom it has been your good will or bad fortune to elect president of the United States. I think that personal touch between the people and those whom you honor by delegating authority temporarily is a good thing all around, so that you may know when I make my mistakes, and they are represented to you with a great deal of emphasis, that I am still a poor mortal praying for assistance and hoping that you will forgive human error.

(Continued on Page Two.)

DRAWN IN COFFIN UP 150 FOOT CLIFF

Boy Is Found Unconscious After Terrible Fall to Edge of the Consumnes River.

JACKSON, Cal., Oct. 4. Lying unconscious in a coffin, Cecil Miller, a 16-year-old boy, was drawn up a 150 foot cliff on the bank of the Consumnes river near Plymouth, yesterday. While hunting on the bank of the river young Miller stepped out on a large flat rock on Eagle's Nest bluff, which suddenly gave way and precipitated the boy down the precipitous bank to the water's edge. A companion ran to Plymouth, a distance of three miles, for assistance. Believing that Miller was dead a coffin was taken along by the rescue party.

After much difficulty two men and the casket were lowered over the bluff. The boy was found alive, but unconscious and terribly injured. He was placed in the coffin and raised to the top of the bluff.

The rescue work was hazardous and required several hours. It was midnight before the boy was placed in a wagon and taken to Plymouth.

MINERS SEIZE UPON CONFISCATED BEER

Enforcement of Prohibition Low in Indiana Causes Much Excitement.

SULLIVAN, Ind., Oct. 4.—A mob of coal miners at Star City today attacked the house of a fellow miner, Joseph Smith, who had made an affidavit against alleged keepers of a "blind tiger." The windows of the house were broken and many shots were fired through the walls.

Rufus Fowler and Frank Irving, keepers of the alleged "blind tiger," fled to the woods at the approach of officers. Fowler was shot in the head, but both he and his partner escaped.

The deputy sheriffs piled kegs of beer and bottles of whiskey on a wagon and started to this city, but a party of coal miners descended upon them and carried off about half the goods.

This (Sullivan) county is "dry" because of local option.

BIRDS PERISH IN LOS ANGELES FIRE

Parrots Call for Help, But Too Late to Save Their Own Lives from the Fire.

LOS ANGELES, Oct. 4.—There was a startling an animal fire at 231 West First street today when mice gnawed a bag of matches, setting The Ark, a bird and dog store, on fire. A host of big green and red-hued parrots, frantically alarmed at the sight of the blaze, called loudly for help.

"Help, fire! Help, help!" yelled the birds in a wild chorus.

Roomers in a building house upstairs and passersby heard the cries of the parrots and turned in an alarm. The fire department responded, but not soon enough to save the lives of the birds and 125 of the feathered occupants of the store perished. Some of the dogs were rescued. Among the birds killed was the entire cage of parrots which had given the alarm; canaries, magpies and other varieties. Most of them were smothered by smoke. When the cages were carried out by the firemen the birds were dead. Some of the parrots still clung to the perches with their wings spread as if trying to fan away the smoke. The loss to The Ark was $3000, and to the building $250.

POLICE INDICTED ON A GAMBLING CHARGE

Said to Have Abetted Bookmaking at the New York Racing Tracks.

NEW YORK, Oct. 4.—Police Inspector John O'Brien, Lieutenant Hugh B. Reynolds, Sergeant Hugh Myers and John G. Cavanaugh were indicted by the grand jury today charged with aiding and abetting bookmaking at Sheepshead and Gravesend race tracks. Five detectives from a private agency were indicted at the same time.

Judge Dieck paroled the police officers until the day of their trial, which will be October 18th. The private detectives will have to give bail. All the men entered pleas of not guilty.

Injunctions against the Coney Island Jockey Club, which controls the Sheepshead track, and the Brooklyn Jockey Club, which controls the Gravesend track, as corporations, also were handed up.

OFFICIALS DENY INDIAN UPRISING

WASHINGTON, Oct. 4.—Indian bureau officials today declined to treat seriously reports of an uprising among the Indians on the Cheyenne river reservation, South Dakota, and advices just received from the Indian agent in that section deny that any trouble exists among the tribes.

It is looked upon by the Indian bureau as an annual rumor and is said by them to arise out of the maneuvers of local stock men who desire to stop settlers from coming into their country and thus taking up their grazing lands.

GREAT SUFFERING IN FLOOD DISTRICT

MONTERREY, Mexico, Oct. 4.—The suffering growing out of the recent floods is very acute and, unless something be done, thousands of people must starve. There is great need of corn, rice, beans for food and blankets and clothing to prevent death from exposure.

Second hand clothing from the United States would be most acceptable.

TWO FATALITIES IN WEST CANADA FIRE

WINNIPEG, Oct. 4.—Hans Yagerano was burned to death his place, Mary Zogeland, is dying in the hospital at Calgary, his property, valued at $2,000,000, was destroyed by the prairie fire which swept the Hutton, Alberta, district last week.

The fire is still burning fiercely. A large number of new settlers lost all their property.

INDICT POLICE BECAUSE OF BETTING

Kings County Grand Jury Begin Criminal Proceedings to Stop Gambling.

ORAL BOOKMAKING TO BE PROSECUTED

Many Prominent Capitalists Are Interested in the Two Great New York Race Tracks Concerned.

NEW YORK, Oct. 4.—After two years' agitation against race track gambling in this state, it remained for the Kings county grand jury to write a new chapter in the crusade today when there were returned indictments against the two big Kings county race tracks, three police officials, five private detectives and twenty-five bookmakers.

The Brighton Beach Racing Association was similarly involved last year, but the case failed and action heretofore has been mainly against bookmakers or bettors. The defendants generally have been exonerated by the lower courts, which held that oral betting was no crime. The first test of these cases will be made by the court of appeals this week.

It was the increase of "oral betting" conducted by the "memory brokers" that resulted in the indictment of the Brooklyn Jockey Club and the Coney Island Jockey club, charged with conspiracy in allowing betting to go on.

This involves a number of the most prominent supporters of racing in the United States. W. K. Vanderbilt owns a controlling interest in the Coney Island Jockey Club, of which H. L. Parsons is president. George Peabody Wetmore and Vanderbilt are the vice-presidents, F. R. Hitchcock is treasurer, C. A. Schaumberg, secretary, and Thomas H. Smith racing secretary. The board of governors include J. Harry W. Alexander, Thomas Hitchcock, Jr., E. D. Morgan, Herbert C. Pell, F. G. Sturgis and F. G. Wadsworth.

POLICE CONSPIRACY.

The police officials indicted for "conspiracy" on the ground that they knowingly permitted Sheepshead Bay tracks to be used on October 2 last, for racing purposes, are Inspector John G. O'Brien, who is accused also of neglect of duty in failing properly to supervise the work of his subordinates; Sergeant Hughes Reynolds and Hugh Meyers of Inspector O'Brien's personal staff.

The private detectives arrested are Seymour Butler, who is in charge of the race track force, and four of his subordinates.

John G. Cavanaugh, who for years has been the dominating figure in the betting rings of the metropolitan tracks leads the list of twenty-five indicted bookmakers. The list includes the best known bookmakers in the country. Three police officials arraigned in the Brooklyn county court today pleaded not guilty and were released on parole. It is expected that the cases will be set for trial October 18th.

There was much gloomy speculation among followers of racing tonight as to the probable effect of the crusade.

The betting system used has involved the use of three bookmakers in the case of each wager, one of whom takes the bettor's money, while another registers the transaction and the third pays the winner. It was supposed that this three cornered transaction was so involved as to evade the law, but for weeks county detectives have been collecting evidence through which the authorities hope to force prosecution.

CRUISERS TO SAIL FOR PHILIPPINES

HONOLULU, Oct. 4. The Pacific armored cruiser fleet will sail tomorrow for the Philippines after a month's stay in Hawaiian waters. It is planned to cruise the whole distance at a speed of thirteen knots an hour.

Shore leave for the men of the fleet will end at midnight. Although Admiral Schree has been liberal in this matter, the police have had virtually no trouble with the men and the excellent record for good behavior set by the sailors has been commented on.

The American sailors have intermingled with the men of the British, German and Dutch cruisers now in the harbor, but this led to little or no disturbance.

INDICTMENT BASED ON HAT SMUGGLING

LOS ANGELES, Oct. 4. Indictments were returned today by the Federal grand jury against W. Ziegenmeyer, captain of the German steamer Erna, and L. F. Solorzano, charging them jointly with smuggling $40 Panama hats into the United States at the harbor of Los Angeles on July 9th. Zeigenmeyer is now in the county jail, where he has been since his arrest on July 17th. Solorzano is believed to have left the country. An indictment also was returned against Frank Williams, who is charged with attempting to defraud John Marshall of Boston, through the medium of the United States mails by representing to be his long lost brother and asking for $100 with which to return to Boston. Williams is in the county jail.

CANADIAN FINANCIER KILLED DURING MANIA

MARGATE, England, Oct. 4.—Charles Duff Miller, agent general of the New Brunswick in London since 1896, fell from a window here yesterday and was killed. Miller was born in Ontario in 1854. At the time of his death he was staying in a sanitarium on account of a nervous trouble. An attendant was constantly in charge, but Miller succeeded in eluding him and making his way to a window.

KILLED BY SHOCK OF ELECTRIC BULB

BAKERSFIELD, Cal., Oct. 4.—Gilbert Ayreton, an Englishman, 35 years old, was killed by a shock from an ordinary drop electric light in the livery stable of Frank Keller, on I street, late last night. Few knew much about the dead man. He was formerly a jockey.

Ayreton was a buggy washer. The floor of the stable was soaked with rain and the man's clothing, too, was wet. When he grasped the drop light he received a shock that killed him in a few minutes.

MINISTER EXPELLED FOR SUPPORTING SALOONS

CANTON, Ohio, Oct. 4.—Members of the Stark County Ministerial federation today expelled Rev. A. W. Higby, pastor of St. Paul's Episcopal church, for his action in fighting the cause of the "drys" in the recent county saloon election.

RIGHT TO EXPECTORATE IS UPHELD AT POINT OF PASSENGER'S REVOLVER

LOS ANGELES, Oct. 4.—"Cut it and beat it. If you touch the bell cord again before we get to the end of the line I'll slip you one of these."

"One of these" referred to the bullets in the chamber of a revolver held in the hand of S. B. Radcliffe, the author of the above remarks, as he pressed the weapon wrathfully against the stomach of Conductor J. W. Crissman, of a Hooper avenue car last night.

Crissman "beat it," according to orders, and the car ran several blocks while the passengers sat terrified. Finally the motorman stopped the car to see what the noise was about and a nearby policeman came to the rescue and took Radcliffe to the station.

Conductor Crissman had reproved Radcliffe for expectorating on the floor of the car and the latter angrily resented the carman's interference with his spitting rights. A complaint, according to statements sworn out today, charging him with wielding a deadly weapon was sworn out today, and meanwhile Radcliffe's sanity is being investigated.

ALBERT PULITZER COMMITS SUICIDE

Ill Health Causes Despondent Act of Brother of New York Newspaperman.

VIENNA, Oct. 4.—Albert Pulitzer, a brother of Joseph Pulitzer, publisher of the New York World, committed suicide in this city yesterday. It was evident that he made doubly sure of death, for he had first swallowed poison and then, standing in front of a mirror, had sent a bullet through his right temple.

An empty poison bottle lay on the table in the room. Early yesterday evening Mr. Pulitzer dismissed his attendants and asked to be left alone. Some time later Dr. Poltak, who has been attending Pulitzer, called to make his usual visit and found him lying on the floor in front of his dressing table.

Mr. Pulitzer, who had suffered a nervous breakdown, was greatly depressed over the failure of his physicians to benefit him.

NEW YORK, Oct. 4.—Albert Pulitzer was the founder of the New York Morning Journal. He had spent most of his time in Europe since 1895 until two years ago, when he came to New York and announced his intention of starting a newspaper in this city. The project was not put into effect and he returned to Europe.

FIT OF HICCOUGHS WILL CAUSE DEATH

LOS ANGELES, Oct. 4.—James Blair, a machinery salesman, is at the point of death in his home in the Mission apartments from a spell of violent hiccoughing which began a week ago last Friday, and has continued almost continually since. Medical science seems baffled by the affection and Dr. J. B. French, who has attended the dying man since the trouble developed, says that he believes some peculiar disease of the stomach is the cause of it. For a brief interval ice cream taken by the patient seemed to afford relief, but the spell returned and cannot now be stopped.

CALIFORNIA PRIEST DIES IN IRELAND

PASADENA, Cal., Oct. 4.—Rev. P. F. Farrelly, pastor of St. Andrew's Catholic church in this city for fourteen years past, is dead in County Cavin, Ireland, where he was visiting his mother. Word of the death reached this city today, although the death occurred on September 21st. Father Farrelly has been in the Catholic church in California for twenty-nine years, having preached at Santa Clara, Watsonville, Santa Cruz, Visalia, Porterville and San Diego before coming to this city.

PARKHURST AND BINGHAM ARE TO SUPPORT BANNARD

NEW YORK, Oct. 4.—Rev. Charles H. Parkhurst today announced his intention of advocating from his pulpit the election of the Republican nominee for mayor, Otto T. Bannard.

Theodore A. Bingham, ousted as police commissioner by the McClellan administration, said he would go on the stump in Bannard's support. General Bingham is a Republican, though appointed to office by McClellan, a Democrat.

BANKRUPTCY ENDS IN CRIMINAL CASE

BOSTON, Oct 4.—The affairs of the failed Boston brokerage firm of Sederquist, Barry & Company were transferred from the civil to the criminal court today when Arthur H. Sederquist and John E. Barry, members of the firm, were arrested on a secret indictment charging them jointly with the larceny of $120,000.

WRIGHT FLIES OVER NEW YORK

Brilliant Exhibition By the Aeroplanist Astonishes Population of Metropolis.

WORK SUSPENDED BY THOUSANDS

Most Perilous Trip Yet Made By the Inventor Results in New Record; Feature of Celebration.

NEW YORK, October 4.—An aeroplane flashed past the white dome of Grant's Tomb today, then turning gracefully in midair over the waters of the Hudson, shot like a falcon back to Governor's Island, ten miles away.

Wilbur Wright of Dayton, Ohio, thus made one of the greatest spectacular flights in the history of aeronautics. Over the masses of warships Wright flew for twenty miles—ten miles up and ten miles back—remaining in the air for 33 minutes and 33 seconds, and alighting at the Aerodrome without mishap.

During the flight, business was practically at a standstill in all that part of Manhattan from which a view of the remarkable performance could be had. Harbor craft spread their applause, cheer after cheer swept up from the banks of the Hudson and the lower bay, for the aviator had "made good," crowning the aviation program of the Hudson-Fulton celebration with a record.

Wright started on his flight up the Hudson at 9:56 a. m., and finished exactly at 10:29:33. He had intended to improve upon his achievement of the morning by making a longer and more hazardous flight at sunset, but the crippling of his motor, just as he was about to start on the evening attempt, dashed his hopes as well as those of the thousands who had assembled on Governor's Island and along the waterfront to cheer him on.

WRIGHT MAKES READY.

When Wright reached Governor's island shortly after 8 o'clock this morning, the wind was blowing at about 10 miles an hour, with the sky overcast. In the face of this condition Wright called for volunteers to tow his machine to the starting point.

Everything was ready, his mechanician started the motor and amid the clatter of the machine exhaust, which sounded like musketry fire, Wright climbed to his seat in the aeroplane.

In a minute the machine was off. With the planes tilted slightly to one side, the machine slowly ascended to a height of barely twenty feet, while it swooped in a semi-circle toward the water's edge. Here the presence of many craft, all hysterically tooting whistles, caused him to ascend farther into the air before making for the mouth of the river.

AMONG SKYSCRAPERS.

Almost indistinguishable against the gray banked clouds, the machine soared past Old Castle William and soon entered the canyon made by the giant skyscrapers of Manhattan Island and the Jersey hills. At this point the aeroplane was flying at a height of nearly 200 feet, but unexpected air currents caused by the great buildings moved the aviator to bring his craft closer to the water. Tilting the elevating rudder, he slowly brought the machine down, skipping gradually until he was only 100 feet above the tooting ferryboats and the busy river traffic. The motor was churning as regularly as a clock, and setting himself in his seat, Wright sped onward up the river. Over the warships of five great powers he passed, his progress marked by cheers from the sailors of his own country and those of Great Britain, Germany, France and Italy. The blue jackets lined the rails of their ships and gazed in wonder at the little craft above them.

When the air vessel reached the British cruiser Argyle, anchored above Grant's Tomb, Wright brought his rudders into play and described an easy and graceful curve, starting on his return journey down the river. The wind conditions that had bothered him on his journey up were now more favorable and it was here that the speed possibilities of the machine were demonstrated. While the ten miles up stream occupied nearly twenty minutes, the return flight was made in a little more than thirteen minutes, or at a rate slightly over 46 miles an hour.

Nearing the harbor entrance, he was confronted with the same architectural conditions that had caused him to vary his altitude on the way up. Again he lowered himself and when he reached the open waters of the bay he was flying barely 50 feet above the surface. Thence onward he gradually lessened his height, and after passing Governor's Island, the machine sped an eighth of a mile over the bay. Veering sharply around, Wright headed swiftly for the landing place, on which he settled with the ease of a bird amid the enthusiastic plaudits of soldiers and civilians.

FLIGHT A SURPRISE.

The flight was a surprise to all. Throughout the celebration crowds had waited in vain for the flight up the Hudson, expecting spectacular performances from both Wright and Glenn H. Curtiss. But with the exception of Wright's flights on Wednesday, when he encircled the Statue of Liberty, the elements prevented any substantial demonstration. So Wright's achievement was hailed with enthusiasm.

There was keen disappointment when the mishap to the motor prevented a second flight, for Wright had announced after his morning flight that he would make a longer and more spectacular flight in the afternoon when he proposed to fly over some of the buildings lining the water front of New York, thence westward until he reached the New Jersey shore and back to Governor's Island. Chagrined at the turn of affairs, Wright was forced to abandon this program and return to New York tonight, ready to go to Washington tomorrow.

Wright was preparing for the second flight when the accident that marred a day of achievement occurred. As a result of excessive explosive pressure, a cylinder head blew loose and shot through the canvas of the upper plane, ripping a large hole. As soon as the damage was ascertained, Wright ordered the machine wheeled back to the shed. Such repairs as were needed to put the machine into commission again, he said, would occupy several days and he could not stop in New York that long.

The Curtiss machine, which it had been hoped would fly today, was taken apart and shipped to St. Louis. Curtiss will leave for St. Louis tomorrow to give exhibition flights.

GUNS COULD HIT IT.

NEW YORK, Oct 4.—American and foreign naval officers gathered here who witnessed Wilbur Wright's flight up the Hudson today, were impressed with the manner in which he controlled his craft, nevertheless believe that the machine would be an easy target for shrapnel fired from the big guns.

This was the view taken by Commander Sims of the Minnesota, who pointed out that an aviator out of gun range would be equally out of position to drop a projectile on a battleship.

The consensus of opinion seemed to be that an aeroplane must be further perfected before it will be of great advantage in warfare, at least in an attack on the enemy's navy.

BAKERSFIELD WILL QUARANTINE LEMONS

Red Scale, Greatest of Pests, Is Found on Fruit in Kern County.

BAKERSFIELD, Cal., Oct. 4.—Horticultural Commissioners Burr and Maul today notified local handlers of lemons that the greatest of pests, red scale, feared by citrus growers, has been found in large numbers in the lemons here and that the scale had been discovered largely throughout Southern California. Investigation by the commissioners of the local stock, it is asserted, revealed the presence of the pest and the handlers were notified that while the present stock may be disposed of after a cleaning process shall have been observed, no more infected lemons will be permitted to come into the city.

The commissioners gave notice that they would watch every shipment and would confiscate and destroy any that proved to be infected.

FIGHT CONTINUES TO SAVE WALSH

CHICAGO, Oct. 4. — A document bearing additional citations of recently decided cases bearing upon the question of inconsistency and repugnance alleged against the verdict of guilty found against John R. Walsh, was filed with the clerk of the United States Court of Appeals here today.

Walsh, president of the Chicago National Bank, was convicted of misapplying the defunct bank's funds. He appealed and a decision from the Appellate bench is expected tomorrow. It is charged among other things by Walsh's counsel that the counts of the indictment against him were contradictory. Whether the new citations will be received by the court, whose findings, while unknown to the public have already been printed for distribution.

Great interest centers in the verdict. Walsh rose from obscurity to the mastery of millions. His bank was one of the city's big financial institutions. He obtained control of railroads, coal mines, quarries, steamships and the like to an extent which, had his luck held, would have made him one of the country's richest men. He is alleged, however, to have misappropriated $16,000,000 of the bank's funds, through memorandum notes signed with the names of clerks, in an endeavor to keep his vast interests afloat.

December 18, 1905, the Chicago National failed. Walsh was found guilty on fifty-four counts and sentenced to five years' imprisonment in the Federal prison at Fort Leavenworth, Kan.

TULBINES REQUIRED FOR BATTLESHIPS

WASHINGTON, Oct. 4. — Both the new American dreadnaughts of 26,000 tons displacement, for which contracts were recently awarded, will be equipped with Parsons turbine engines.

This decision was reached at a conference today between Secretary Meyer and Admiral Cone, chief of the Bureau of Yards and Docks, who has just returned to the United States from an extensive tour of European ship yards.

The New York Shipbuilding Company, which will construct the Arkansas, was notified some time ago that turbines would be installed. Decision as to the motive power for the Wyoming, to be constructed by the Cramps, was postponed temporarily but Secretary Meyer and his assistants today decided favorably for the Parsons turbine, feeling satisfied, as Secretary Meyer expressed it, that this would be more advantageous to the government than the proposed combination of turbines and reciprocating engines which had been insistently urged by some of the naval officials.

LIBERAL THEOLOGUE GIVEN ORDINATION

NEW YORK, Oct. 4.—The ordination of Rev. Archibald Black, accused of extreme liberalism, was formally approved at a meeting of the New York Presbytery today.

Black was licensed in June to preach, but his ordination and that of other young theological students was opposed by a conservative element of the Presbytery, which questioned their orthodoxy because they refused to accept literally some portions of the Book of Genesis, among them, it was said, at the time, the story of Adam and Eve and the Garden of Eden.

PAPERS FILED IN FISHERIES CASE

WASHINGTON, Oct 4.—Complying with the terms of the special agreement signed January 27th, last, between the United States and Great Britain, the State Department filed today with the British embassy here the government's case in the Newfoundland fisheries controversy.

The case of the British government will be filed also today at London and both will then be submitted to the International Bureau at The Hague.

According to the special agreement, counter briefs in each case are required to be filed on February 14th, next, and by April 4, 1910, printed arguments must be ready. It is expected that the arbitrators, who already have been appointed, will meet at The Hague early in May to hear final arguments and make decision on the questions involved.

CALIFORNIA'S PROTEST IS EFFECTIVE

Government Will Put End to Advantage Given to Fruit Importers by Rules.

TREASURY WILL GREATLY BENEFIT

Thousands of Dollars Have Been Lost Through Delays in Filing Invoices of Damaged Perishable Goods

WASHINGTON, Oct. 4. — Flagrant abuses in fruit importations entailing thousands of dollars of loss to the government, occurring especially on the docks at New York are aimed at in regulations proclaimed today by Acting Secretary of the Treasury Reynolds and directed to collectors of customs, "and all others concerned."

The regulations stop importers from delaying for a week or ten days the filing of claims for allowance for decay, destruction or injury of the fruit imported but not taken from the docks, making it impossible for the authorities to determine what to allow for the deterioration of the imports. California fruit raisers took up this question with Congress at the last session, contending that the delays operated to undue advantage of Italian interests, particularly as to oranges and lemons.

The government is entitled to the duty on the arrival of the fruit and forty-eight hours is fixed by the department under today's circular, as to the time within which, after the arrival of the vessel, importers may file their claims for allowance for shortage or non-importation.

Immediately upon notice of these claims the appraisers, under direction of the collectors, will detail one or more examiners to determine promptly the percentage of decay. The examiners will be called upon to set aside representative packages consisting of at least 5 per cent of each lot or mark, and to open and examine them. Within ten days after the landing of fruit the report of the appraiser must be made to the collector, fixing the percentage of rotten and worthless fruit found. On this percentage allowance will be made in the liquidation of the entry.

Where imported fruit or other perishable goods has been condemned at the port of original entry within ten days after arriving, no allowance will be made until the importers or their agents within twenty-four hours file detailed notice with the collector.

No allowance will be made for damage to any imported merchandise other than the allowance upon unperishable goods on the ground of non-importation. Importers, however, are permitted under the new regulations, to abandon to the United States within ten days after entry all or any part of any goods included in any invoice. They will then be relieved from payment of duty on the abandoned portion provided it amounts to at least 10 per cent of the total value of quantity of the invoice.

The importers will have to deliver the abandoned goods to the government at some given place within the limits of the port, when the allowance will be made in liquidating the entry and the merchandise sold or destroyed. On failure to deliver as required, the government will take possession of the goods at the expense of the importers.

ICE TRUST MAKES FIGHT IN COURT

NEW YORK, Oct. 4.—The American Ice Company, through its counsel, entered today pleas of not guilty to four indictments charging it with operating as a monopoly in restraint of trade. The arraignment was before Judge Wheeler of the state supreme court.

It is charged that the Ice company made contracts with ice-harvesting companies along the Hudson river either to permit the American Ice Company to control their output or to withhold ice from the market.

Represented by a formidable array of counsel, the corporation made a determined fight today to prevent a trial on these indictments. John B. Stanchfield, chief counsel, contended that the state attorney-general had no right to appear in the matter and that the case should be prosecuted through the district attorney's office.

The court denied Stanchfield's motion and also another motion for the ice company that the criminal action be adjourned pending the settlement of civil actions now being instituted against the company by the attorney-general.

The case was then adjourned until Wednesday.

HASKELL CASES AGAIN POSTPONED

ARDMORE, Okla., Oct. 4.—On motion of the defendants in the Federal court today, the hearing of Governor Charles N. Haskell and other prominent Oklahomans, under indictments charged with fraud in the Muskogee town lot land fraud cases, which was set for today, was postponed. The cases will be heard October 13th.

The continuance was agreed to because of the inability of Governor Haskell to attend, he being in Oklahoma City in connection with the Columbia Bank and Trust Company suspension.

When the cases come up next week, both sides declare they will be ready for the arguments to quash the indictments. If the defense's motion is not sustained, the cases will be called to trial at the November term of court in Chickasha.

MANY DEATHS FROM DISEASE IN CHINA

AMOY, Oct. 4.—According to official reports there were seventy-one deaths from bubonic plague and fifty-four deaths from cholera in Amoy during the fortnight ended Saturday last.

NOISY CROWD DISTURBS TAFT

(Continued from Page 1.)

SUPPRESSION OF ABUSE.

"Everywhere in this country I have found evidence of prosperity from Boston to Portland, and if signs no not fail we are upon an area of business enterprise and expansion that has been seen in this country before. Now with that, I would not have you forget that here are certain responsibilities. We have evils growing out of our prosperity. Men have seized power by means of accumulation of wealth and its use in methods that are not legal and cannot be approved, by way of monopoly and otherwise. Now we are attempting by the general law of the United States to suppress that kind of abuse.

"They were brought to the attention of the people in a marvelous crusade by my predecessor, Theodore Roosevelt, and it is my duty to continue those policies and to enforce them as far as I may, and put on the statute books, or at least recommend to Congress that they be put on the statute books, those laws which shall clinch the progress which was made under him, which he preached and which we all look forward to as a permanent condition.

"But the difficulty is that whenever everybody is prosperous, whenever everybody is comfortable, then is the time when our old friend Satan steps in and helps along the evil cause. Then is the time when we are apt to be inert. It is to the people that we must look for an enforcement of these principles.

"You should select your representatives and have them know you are watching them in Congress and see that they follow the line of enforcement. Of course we want prosperity, but we wish prosperity in such a way that there shall be an equality among the individuals so that everybody will get his share and that it shall not be confined to a few who monopolize the means of production or the means of transportation and thus prevent that equality of distribution which we all like to see. It is a question of the enforcement of the law. I think Mr. Roosevelt's course impressed upon the business community and those gentlemen who were prone to take the means of monopoly the necessity for observing a higher standard in business and that they were willing to lay down those other methods.

"Now, my fellow citizens, as I look out upon this audience I feel sure that you are not only healthy in body but healthy in mind; that you are in favor of the good things; that you are in favor of decent government; that you are in favor of decent men and decent women, and that you look forward to the future as a time when we shall all grow better. The truth is that money and wealth contribute nothing unless they enable us to make ourselves better, unless they enable us to think something of others and to help others—those who are down—onward on the progress of life. I am sure that in the last generation there has been an improvement throughout our country."

CROWD IS NOISY

The crowd which greeted the president at the capitol here tonight was so big and so noisy that he attempted to speak only a few minutes. Those on the outskirts of the throng, which numbered many thousands, kept surging so persistently to the front that the entire audience got into a turmoil.

President Taft appealed for quiet on the ground of hoarseness and a sore throat, but it was of no avail and after speaking briefly on the subject of conservation, arousing a cheer by the mention of Roosevelt's name, and declared that he was heartily in favor of the projected improvement of the Sacramento river, the president asked to be excused. He had no censure for the crowd, only sympathy, he declared.

In the library of the capitol building, before stepping out on the platform to attempt his outdoor speech, President Taft was made an honorary member of the Sacramento Society of California Pioneers. This society is limited to those who came to California in 1849 and out of an original membership of 700 there are now only seven left. Presidents McKinley and Roosevelt preceded Mr. Taft as honorary members.

Sacramento provided a novelty for the president's automobile ride through the city by having a band in a sightseeing machine just in front of the car in which Mr. Taft rode.

FRESNO COUPLE MARRY IN MADERA

Ceremony Performed By Justice Barcroft With Girl's Mother as Witness.

MADERA, Oct. 4.—Oscar M. Hickok and May Mutcher came up from Fresno this morning and proceeded to the county clerk's office where they procured a license to wed. The license showed the young man to be aged 30 and the girl 18, and that both are California born and residents of Fresno. Shortly afterwards the couple was united in marriage by Justice of the Peace Darcroft, District Attorney Goucher and the girl's mother acting at witnesses.

District Attorney Goucher returned Saturday night from Raymond, where he had been holding two preliminary examinations. The first was that of the people vs. A. W. Bolton charged with setting out fire without permission. Bolton was held to answer and released on the bonds he gave at the time of his arrest.

J. T. Keater and Mrs. Laura Pesolo were charged with adultery but the case against them was dismissed on motion of the district attorney as the evidence was insufficient to convict.

The Probation committee met this morning in the Superior Court and were sworn in. They then adjourned until tomorrow when they will organize by electing a chairman and secretary.

R. Taylor, a young man who works at the Thurman door factory, had two fingers of his left hand cut off by a ripsaw Saturday evening. He was cutting wedges when a wedge caught in the saw and his hand was drawn against it, doing the damage noted. Drs. Ranson and Rinker dressed the injured hand.

The divorce suit of Disproti vs. Disproti has been set for trial for October 18th.

The Madera concert band gave another delightful concert; the last of the season, on last Saturday night. A big crowd was in attendance.

Most of the hunters who were at the gun club preserve returned yesterday and today and report the ducks not as plentiful as expected. Not many got the limit.

The Madera Tigers engaged in a football game for practice with a scrub team yesterday. The Tigers were too heavy for the opposing team and broke through their lines at will.

METHODIST BOARD IS REORGANIZED

At the regular annual meeting of the board of directors of the First Methodist church last night, a complete reorganization of the board was effected, the following being chosen to serve on the financial committee of the church: Dr. R. T. Hall, secretary; A. V. Lisenby, J. Q. Anderson, S. L. Platt, F. N. Minor and L. K. Whitcomb, financial secretary.

The financial report, which was given last night, shows the church to be in splendid condition with a bright outlook for the future. During the year the church made the largest benevolent collection in its history, the official report being $1,718.

LEAPS TO HIS DEATH DURING DELIRIUM

SEATTLE, Oct. 4.—George Purdie, a plasterer, aged 33, leaped to death from a window in the city hospital on the fourth floor of the Municipal building, last night after a desperate struggle with J. J. Sullivan, another patient, who tried to prevent the crazed man from killing himself. Purdie was suffering from alcoholism.

MEETING OF BOARD OF TRUSTEES

TRUSTEES ADOPT THE CURFEW LAW

Law of the Road Applied to Municipal Traffic.

No More Alley Leasing to Bootblacks; All Shiners Put Under License.

A curfew law was passed and ordered to print also last night by the city dads to go into effect immediately. It was not adopted unanimously.

According to this law, it will be a misdemeanor "for any child under the age of 12 years, and not accompanied by its parent or guardian or other adult person having legal custody and control of said child to loiter, wander or stroll in or about any of the public streets, avenues, alleys or any public place in the city of Fresno," and for any parent, guardian or other person having legal care and custody to permit such loitering, etc.

The closed season for the Fresno smail boy will be "at any time between the hours of 8 p. m. and 5 a. m. of the succeeding day, in or during the months of October, November, December, January, February and March; or at any time between the hours of 9 o'clock p. m. and 5 o'clock of the succeeding day in or during the months of April, May, June, July, August and September."

The two trustees that voted against the ordinance were Collins and Jones.

LAW OF THE ROAD.

Another adopted ordinance is the one of twenty-eight sections regulating travel and traffic upon the streets, limiting speed for various classes of vehicles, applying the law of the road to turn to the right on the municipal streets, also governing the hitching at the curbs headed one way or another on opposite sides of the streets to insure uniformity, also regulating speed and manner of crossing street junctions.

NO LEASE OF ALLEYS.

Trustee Collins was the only one to vote against the ordinance that makes it a misdemeanor to lease alley or street surface room for any purpose for hire, especially for bootblack stands. The adoption was on the second reading of the ordinance.

LICENSE OF SHINERS.

With the same vote was adopted the companion ordinance (No. 596) licensing the business of shining shoes.

Trustee Collins explained his vote on the two ordinances, saying that 596 would create a hardship on some and would create greater freedom to others. His point was that bootblacks within doors and paying rent would be handicapped by those who, though licensed, are on the public alleys and pay no rent.

CLOSING OF ALLEYS.

A resolution was adopted closing, except for sewers, the alleys between lots 1 and 5 and 20 and 24 in Griffith's Sunflower addition, being on each side of the Lowell school premises.

BLOCK 373 ALLEY.

The commissioners' report on the closing of the alley in city block 373 was ordered advertised for ten days to give the public notice of the time and opportunity to enter protests against the alley closing.

GROSS EARNINGS.

The board received a contribution of $298.24 handed in by the traction company as gross earnings on franchises drawing 2 and 1 per cent. The offer was referred to the finance committee to investigate whether the return is correct.

ANGUS STREET SEWER.

The resolution to put in a six-inch sewer on Angus street was passed to print.

AUTO SHED APPROVED.

Ewing McDaniel were given authority to erect an automobile shed in rear of their J street offices, no gasoline to be stored there.

MOVING AN OFFICE.

Nurserymen Marshall & Son were given privilege also to remove a galvanized iron office building from I and Tulare to another site within the fire limits on the Santa Fe reservation.

BLOCK 17 SEWER.

Petition for a sewer in block 17 was referred to the city engineer and sewer committee for a resolution of intention and to inquire into the needs of the sewer on the request of two Chinese and a Japanese.

GASOLINE STORAGE.

To the city attorney for an opinion as to apparent conflicting charter clauses was referred the request of C. S. Pierce for permission to place underground a 120-gallon gasoline tank in rear of his residence premises at 1507 K street.

MARIPOSA GRADE.

L. W. Klein asked for the grading of Mariposa avenue between Sierra and Belmont. Referred to city attorney for action at the next meeting. Once before a street commission reported on this work, but it was blocked by Rodin and Kamp, who would not accept the award of damages. There was some talk last evening to bring suit to condemn their six-foot land in the street, but nothing came from the threat.

ARC LIGHT WANTED.

Residents at Calisch and Ventura streets asked for an arc light to illuminate the darkness there and the request was referred to the water and light committee.

Purity Flour—ask your grocer.

MAYOR DECIDES TWO TIE VOTES

City to Buy Metropolitan Fire Engine.

Auto Apparatus Fails on Test; Fresno Is Sued for Patent Infringement.

It was passed up unexpectedly to Mayor Rowell last evening at the meeting of the board of city trustees to cast the deciding vote on two ties. It was on the question of buying a steam fire engine for the city.

After a long discussion covering the investigation of various engines and the test yesterday of the auto fire engine and of a competing steam engine, Trustee Collins moved the adoption of the minority conference report favoring the purchase of his Continental engine. Cobb, who was with him on the minority, seconded the motion.

The vote was 4 to 4—the noes being Pettle, Jones, Pickford and Snow.

The mayor voted no, and so the Collins motion was lost.

Jones then moved that the city purchase a Metropolitan engine. Again the vote was a tie. This time, though, the noes were Collins, Klette, Martin and Cobb.

The mayor voted aye to settle the matter and a Metropolitan engine it was.

All the bids were thereupon rejected and a contract was entered into on the submitted bid of $5600 for the Metropolitan engine.

The auto fire engine was not in the reckoning after the unfortunate test of yesterday afternoon. She sad worked twenty-four minutes under a pumping test and then for no apparent reason ceased working. An underwriter's agent who kept tabs reported to the board that connected with two 300-foot lines of hose the auto pumped an average of 550 galons per minute. The cause for the sudden stoppage was for the auto man to discover.

Chief Wintemute reported that at its best the auto did not come up to specifications in the test. It guaranteed to pump 700 galons per minute under 70 horse-power, and, in fact, was gauged up to 90 horse-power, whereas the Metropolitan engine, also tested yesterday, threw 750 gallons per minute. The auto man claims that a piece of iron was drawn up by suction into the pump and that this caused the sudden stoppage. The auto man volunteered to make another test demonstration after he had taken the pump to pieces to ascertain what was the matter, but under the circumstances and because at its best the auto did not come up to specifications, Chief Wintemute recommended it would be idle to consider the auto among the bids.

A Universal engine man wanted the board to open the entire subject to consider his apparatus, but the board limited the bids to the two engines covered by the tie report of 2 to 2 of the investigating conference of police commissioners and police committee.

BELMONT BRIDGE.

Regarding the Belmont avenue bridge across Dry Creek, Chairman Martin of the street committee and City Engineer Jensen reported progress—waiting for the estimated cost of a steel truss bridge asked for by Supervisor Huffman. It agreed, though, that the bridge should be 36x16, taking the full width of the street, exclusive of sidewalks. A reinforced concrete bridge, having one pier of concrete in the middle will cost $1500, including a two-inch layer of asphalt on top. The steel truss bridge will cost about as much, but will have to be covered with wood plank and will not present the same pleasing appearance as the one of concrete.

The city engineer was authorized to confer with the county surveyor and prepare plans and specifications for a concrete bridge. The surveyor is committed to such a structure.

CITED INTO COURT.

Clerk Ryan read a citation out of the United States circuit court commanding the city to answer in an action of the Cameron Septic Company of Chicago, Ill., for damages for an alleged infringement of patent in making use of the septic natural process in the septic tanks at the sewer farm.

"And this you are not to omit under the penalty of $5000," read the warning of the subpoena under the seal of the court.

The citation is for November 1 at the sitting of the court in Fresno and to City Attorney Kauke the matter was referred to take such action in defense of the c as he may be advised.

This suit was threatened more than one year ago under City Engineer Hoxie's regime and a demand for damages was ignored on the theory that a process of nature cannot be made the subject of a patent right and at any rate no constructive feature of the Cameron tanks is embodied in the Fresno tanks. Still, as a matter of precaution statements and evidence were gathered at the time for possible use in an action for damages for an alleged infringement. Engineer Hoxie has used the same process for the tanks that he planned for the Porterville system.

SALE OF FIRE HORSES.

The condemned fire horses were the subject of further consideration—"chewing the rag," as Trustee Cobb inelegantly put it—and the plan of transferring them to the street department to do work for their keep having been abandoned, it was resolved to sell them at public auction, the street superintendent, under the charter, to be the auctioneer. There are seven horses to be sold, including the two pensioned veteran animals that under Chief Ward were put out in alfalfa at the sewer farm to end their days in peace at pasture. Two of the seven condemned animals will be transferred to the park commissioners to work in Roeding Park.

ALLOWED HIS BILL.

Sanitary and Meat Inspector J. G. Bancroft's horse hire bill of $40 for two months was allowed, but on the suggestion of Trustee Jones the rule will be enforced that all bills shall in futurfi before presentation to the trustees bear the recommendation of the departmental bureau under which it comes, in this particular instance the board of health.

SALT LAKE, Utah, Oct. 4.—Testimony confirming the stories of havoc wrought by the lip and leg disease among the sheep of Utah was brought here today by flock masters who met with the state veterinarian and the state sheep commission. It was decided to send expert investigators among the flocks of the state. A proposed assessment of $10 on every sheep owner was aproved. The resultant fund will be used in the work of stamping out the disease.

Mrs. Dora Watts prepared the breakfast for the Taft party at the home of Senator Cummins. After the meal the President asked that Mrs. Watts be brought in, and when she appeared he shook hands with her and pronounced the breakfast delicious.—Des Moines Capital.

Glasses Beyond Reproach

TO PUT 640 ACRES IN ORANGE ORCHARD

Reid Development Co. Plans Ambitious.

Fine Shooting at Tulare Lake Preserves; Red Spider at Lindsay.

PORTERVILLE, Oct. 4.—S. R. Shoup, one of the leading stockholders of the Reid Development company, owners of large tracts of land in the Ducor district, is here from St. Louis to take charge of the plans for the further development of the large holdings of this company. The outlined policy of the Reid company is quite pretentious and looks to the ultimate establishment of a citrus orchard of 640 acres. Last year the company was able to plant out but 67 acres owing to their inability to lay in enough trees, but this year it has sufficient trees for 200 acres and at least that much and perhaps more of the land will be planted out. During the past year the owners of the tract have brought in four wells developing about 120 inches of water and the geological formation of the tract makes is practically certain that there is water to be found in abundance.

Five members of the Porterville Fish and Game Protective Association returned from a trip to the club's preserve at Tulare lake yesterday and report the hunting the best that it has been for many seasons. On the preserve which the club owns, there are a number of flowing wells and these have been turned on to form artificial lakes. These little bodies of water are very accessible and the report is that millions of blue winged teal and snip have already come into the water. The northern flight has not yet started but it is said to be a simple matter to take the limit with the game that is already in.

As the hunting season is about to close, the reports of the deputy collector at this point indicates that there are more sportsmen to be found in this section this year, or there is a greater interest being taken in sports. There were 520 licenses issued here this year as against 410 last year. The total for the county is not so good in proportion, as the entire number only totals 2200.

There was consternation at the meeting of the county board of horticulture held on Saturday afternoon when announcement was made by Chairman Schultz that the deadly red spider had been found at Lindsay in a small bed of orange trees. There is the greatest mystery regarding the possible origin of the pest. The spider, which is a bright red insect not as large as the head of a pin, is found ordinarily only on mature trees, and is then always located on the underside of the tall-grown leaves. It has never previously been found on budding seedlings. The only comforting thing in the announcement was the fact that a careful survey of the surrounding orchards failed to disclose any trace of the pest. The small bed will be under observation on the part of the fruit commissioners and if there is any danger that the pest will spread, all of the trees will be ordered destroyed. This pest is the most troublesome of all those with which the southern country wages war. It is the cause of the greatest damage to the orchards, and its control is a matter of extreme difficulty and great expense. Its introduction to this county would mean losses that will run into millions of dollars. The commissioners believe that the one case in Lindsay is the only one, and they do not fear that the pest will be generally disseminated.

Nineteen matches at tennis were played in a tournament here yesterday between the members of the West Side Gun club of this city and the team from Lemon Cove, and of this number the visitors won eleven and the locals nine. Mars and Crossett of the visitors put up a grand game and of the seven matches which they played, won them all. Lockyer, for the home team, put up a fine contest. Byrd, of the locals, who ordinarily is a brilliant player and who can usually be depended upon to win his matches, has just recovered from an attack of illness and but for that fact the scores might have been different. A return match is to be played at Lemon Cove on Sunday week.

CITRUS MEALY BUG INCREASING FAST

Suggestion Is Made That Growers Convert Their Cantaloupes Into Syrup.

The county board of horticultural commissioners devoted the greater part of the month of September to nursery and orchard inspection work. "The citrus mealy bug," it reports, "is increasing rapidly, especially in orange and lemon trees growing in sheltered spots. Attempt has been made to introduce its parasite, but so far success has not been had in ascertaining it, so that in the immediate future will be begun a campaign against the trouble, with black tobacco spray.

"The growers of cantaloupes, who last year were unable to dispose of their large crops of the finest melons, are recommended to look into the Texas method of handling, namely, converting the surplus product into a luscious syrup, which equals in taste and quality the scarce and fast disappearing pure maple syrup. It is easily made and the demand would be unlimited.

Lastly, says the report: "The planting time for trees and vines is fast approaching a large acreage should be set out and by the time a sane method of handling the products has been tested and found successful the orchards and vineyards will be producing and the large differences in prices of various crops will be a thing of the past."

A 50-cent bottle of

Scott's Emulsion

given in half-teaspoon doses four times a day, mixed in its bottle, will last a year-old baby nearly a month, and four bottles over three months, and will make the baby strong and well and will lay the foundation for a healthy, robust boy or girl.

WEBSTER TESTIFIES IN OWN BEHALF

Case Will Be Argued to the Jury Today.

Car Burglar Sent to San Quentin; Heriot Will Admitted to Probate.

It was the defendant's inning yesterday before Judge Church and jury on the trial of George Webster for the killing of Joseph D. Baty in Scott's saloon at Coalinga on the 15th of last July. The prisoner made out a strong case of self-defense. He attacked the character of the dead man for peace and quietness, and himself took the stand to testify to all the details that preceded the homicide. Webster labored under great mental strain while in the witness box but otherwise made a good impression. He made no voluntary statements but answered questions fully and with an apparent air of truthfulness.

Baty's father and two sisters followed every piece of testimony with the closest attention and the younger sister particularly showed herself prone to give way to her emotions and frequently gave vent to her suppressed feelings in tears. Particularly emotional, even hysterical and with her eyes flashing fire was she during the recital of Webster.

Yesterday was the fourth of the trial and the session in the afternoon opened with the calling in turn of fourteen witnesses, including Sheriff Prouty of Mariposa county, to testify to the character of Baty. They all declared he was a man of bad character for combativeness and quarrelsomeness, and that he was a man who habitually carried a weapon concealed on his person.

Several other eye-witnesses to the fatal affray were called. They testified strongly for the accused and declared that Baty was the aggressor in the affair. After the defendant had given in his testimony witnesses were called who testified to threats of violence uttered by Baty against Webster in various towns and the communication of these threats to Webster, a coolness having sprung up between the men on account of some gambling quarrel, both men following gambling as a mode of livelihood and this being also the vocation of not a few of the witnesses.

Webster gave testimony in detail of the movements of himself and Baty evening in the fatal encounter. He declared he believed his life was in danger when he fired, believing so because of the threats made then and there and the threats at other times and places which had been communicated to him. The prisoner also stated that he believed Baty was armed at the time always having known him as a man who carried a revolver. Webster said he shot twice deliberately, but the third shot was accidental and as he swung his arm around.

The pistol which has been displayed in court has not been introduced in evidence, the proof lacking whether it is in fact the Colt's automatic that Webster used in the homicide.

The case for the defendant was closed before the evening hour of adjournment and will be argued to the jury today.

MIXED UP IN DATES.

Francisco Lagas, Francisco Torres and Perfecto Aranda, all Mexicans, were arraigned yesterday on the charge of burglary, in having broken open a freight car on the Santa Fe track on the 11th of August last and stolen therefrom a case of shoes. Lagas pleaded guilty and made a statement exonerating his co-defendants of complicity in the actual burglary. He was sentenced to San Quentin for three years and claimed to be a waiter who last worked in a construction camp at Mojave for the Los Angeles aqueduct.

Torres was liberated but Aranda was rearrested for receiving property, knowing it to have been stolen, he having assisted Lagas in the effort to sell the stolen shoes. In the effort to fix the degree of the burglary whether committed by day or night, Lagas swearing that he and an unknown companion entered the car by day and that the door was not locked, employes of the Santa Fe gave testimony that because of the situation of the car the larceny would not have been committed unseen as described by Lagas and anyhow they testified to an arrival of the car at a time subsequent to the arrest of the defendant with the stolen shoes.

Under the circumstances Judge Austin thought it safer in view of someone's mistake in the day and hour to determine the burglary as one having been committed by daylight. The co-defendants on the burglary charge were dismissed for want of evidence to connect them with it.

ADMITTED TO PROBATE.

The last will and testament of Harriet Heriot was admitted to probate yesterday and letters testamentary were issued to Harriet I. Chamberlin. The testatrix died on August 16th and left an estate valued at about $2,100. The will was dated March 22, 1909, and drawn when she was aged 65 years. The bequests were these:

To a daughter, Harriet I. Chamberlin, all personal property and effects and one half of the gross amount of all real property and of the proceeds if sold.

Out of the other half all debts shall be paid, besides the mortgage, expenses of sickness and funeral and of administration and of the remainder of the half of the real property or proceeds devises are made to granddaughters, Ruby L. Hamilton and Harriet I. Hamilton, also known by the name of their step-father, Chamberlin, and daughters of Harriet I. Chamberlin $20 each to be by the executrix placed in bank and to be paid at age of majority, and of the remainder of the real property and proceeds, one-quarter each to sons named Ralph D., Guy R. and Lorne C. and the remaining one-fourth of the one-half to the daughter, Harriet I. to be held, used and expended at her discretion and as she shall deem best for the use and benefit of a daughter, Ruby J., who is mentally incompetent to provide her during life with additional comforts and upon death that the quarter of the half go to the daughter executrix.

The latter is given power to handle the estate without order of court.

ASSIGNED HIS SHARE.

Atwilder Carter, as one of the heirs of Addie E. Shamp, has been given an order on the county treasurer to pay her $132.81. The estate was distributed on September 20th, at which time Edward Shamp, one of the distributees, could not be found and the administrator placed the money in the county treasury. Since then the whereabouts of Shamp have been discovered and on the 22nd ult. he made an assignment of his interests to Mrs. Carter. Shamp was the surviving husband and was found in Butler county, Neb.

OFFERED FOR PROBATE.

J. L. Jessen offered for probate the will of Marie Jensen, who died on the 28th ult., leaving an estate of $800 cash deposited in bank. When she died she was 75 years of age. The will is dated October 7, 1908, and directs that the monument over her grave shall cost not less than $500. All else is given to the son, Nills Jorgen Jensen, after paying for monument, expenses of funeral and last sickness. A daughter, Carrie Jessen, older than the son, is not provided for in the will.

DEPOSITION RECEIVED.

Deposition has been received from Indianapolis, Ind., for use in the suit of W. E. Baxter against the city of Fresno to recover the purchase price of a suction street sweeper. The case has been hanging fire these many months and the sweeper going to pieces in a lot opposite the city hall uncared for and unprotected.

NOT READY TO PLEAD.

David Bartholomew, accused of a felonious assault, and Alex H. Parrish, for an assault with a pistol on Policeman Machen, were before Judge Austin and given until tomorrow to plead. Meanwhile they are out on bonds.

PERMITTED TO LEND.

Lulu P. George, as guardian of Margaret E. Wood, has been given authority to loan out $1000 in bank on lots 79 and 80 of Orangehurst Colony, in Tulare county, in the north half of 25-19-26, for three years at 8% per cent.

JUDGMENT AWARD.

Judgment for $701 was awarded by Judge Austin in the suit of the J. B. Hill Company against the E. Kennedy Company to recover the value of a hay press accidentally burned in a hay fire.

COURT NOTES.

The estate of Bessie L. Kearns has been appraised at a total of $32000, namely $3000 as the value of lot 12 of Hedge's Colony and $200 improvements thereon.

Not guilty was S. P. Conger's plea to a felonious assault and trial day was set for Judge Austin for the 2nd of November.

The trial of the Haslam divorce case has been set down by Judge Austin for the 22nd inst.

HOSTETTER'S CELEBRATED STOMACH BITTERS

If the Stomach needs any assistance, take a dose of the Bitters before each meal. It is an excellent tonic and strengthener and will prevent Nausea, Poor Appetite, Heartburn, Sour Risings, & Indigestion.

GET WITHIN

PILES CAN'T BE CURED FROM THE OUTSIDE.

External treatment won't cure piles. Nor will surgical operations.

The cause is inside—bad circulation.

To cure piles you must free the circulation of blood in the lower bowel.

Dr. Leonhardt's Hem-Roid is the only internal tablet remedy for piles. It removes the causes. $1 at the San Joaquin Drug Co. Guaranteed to cure any case.

Dr. Leonhardt Co., Station B, Buffalo, N. Y., proprietor. Write for booklet.

HOT FIGHT LIKELY OVER GAME LAWS

Proposal to Shorten Deer and Dove Season in Tulare Brings Out Opposition.

VISALIA, Oct. 4.—The hearing on the proposed changes in the game law, shortening both the deer and dove seasons, will come up Wednesday before the supervisors. Much argument has been indulged in by sportsmen on both sides of the question and a strong fight is expected.

District Attorney Daniel McFadzean spent yesterday in the Churchill country investigating the shooting affray recently in which an Armenian named D. Toughladgian shot and wounded an Armenian named Spenchian and a Greek named Jordan. The date of his preliminary examination has not been fixed.

At the session of the board of supervisors today, H. F. Tout resigned his position as horticultural commissioner. His resignation was accepted. Mr. Tout, who is a son of Supervisor Tout, has accepted a position in charge of the agricultural department of the Bakersfield High school and has entered upon his new duties. It is possible, in view of the fact that a single commissioner may be appointed under the new state law to take the place of the present board, that the position may not be filled.

Two burglaries are reported as having occurred at the Visalia House last night. A man named Hendricks lost a pair of new shoes and a man named Holman had a bank book and a deposit slip for $200 removed from his clothing. He was awakened by a man passing his hand over his face, and saw the intruder hurriedly leave the room. Holman had his money under his pillow and it is thought that the fellow was looking for this.

This morning a fellow giving the name of T. J. Walker was arrested in an intoxicated condition and on his person was found the missing articles. He is being held pending an investigation.

E. Santana, a Mexican charged with breaking up the home of his brother-in-law, named Sahila, and with having struck the latter in the face, was this morning sentenced to spent 90 days in jail.

A Japanese named Jokato while being arrested by Constable Newman this morning, bit the latter's finger. The wound is not a bad one. The Japanese was later given ten day's in jail.

The monthly count of the money in the county treasury was made this morning, showing a total of $149,823.27, of which nearly two-thirds, or $9?,507.60 is school money.

Mitsuse Nagai, Japanese consul at San Francisco, paid a visit to this city yesterday. He was tendered a reception by local Japanese and delivered a short address in which he counselled his countrymen to be peaceful, law-abiding citizens. He left later for Tulare.

Much hay is reported down in the Poplar country and much damage has resulted from the rain.

Mrs. Dora Ward has gone to Oklahoma and other states on a visit and will be absent several weeks.

AIRSHIP FLIGHTS TO BE CALLED OFF

While no definite action was taken at the meeting of the county fair directors yesterday, it is probable that Jack W. Price, the San Jose aviator, will not be engaged to make flights in this city during fair week. A letter was received from Price yesterday, in which he stated his terms for airship or balloon flights, but the directors were of the opinion that inasmuch as the cost was so great and the reliability of the flights so uncertain, it would be better to let the matter drop.

REMOVED.

We have bought the Blackstone Hay Market and have moved our place of business to their stand, H and Blackstone.

HAY MARKET CO.
B. M. HAGUE, JR., Mgr.
Phone Main 353.

We are Breaking all Past Records in the History of this Store. There's a Reason

YES, a reason and a good one, and it is the best argument we can offer for our our suits and other garments It is not what we think about them but it is your opinion that tells the story.

We have done our best. We have personally visited New York City and selected the best adapted for your needs. They are here moderately priced. Suits from $20.00 to $100.00, dresses from $17.50 to $85.00, coats from $13.75 to $65.00.

Not only because prices are so very low, but because of the goodness of the styles and qualities that accompany the very low price. All we ask is that you visit our millinery department and we believe that in five minutes you will learn more about our stocks, qualities and prices than we could possibly tell you in this advertisement. We have a very fine trimmer to trim your orders and a very competent lady to take your orders; to suggest to you a style or perhaps a new idea, so if you come to us you are bound to receive good attention, splendid service and the very lowest possible price consistent with our qualities.

OMAHA STREET CARS OPERATED

OMAHA, Oct. 4.—According to an announcement by the Omaha and Council Bluffs Street Car Company the usual number of cars are being operated today and virtually all of them by permanent employes. A number of strike breakers were sent to their homes in eastern cities last night.

In addition to the regular service, a number of extra cars are running today on the Omaha and Florence Interurban line on account of the military program at Fort Omaha, where about 4000 troops are encamped. Cars were run until a late hour last night. There were a number of instances of missiles being thrown and two passengers were painfully injured.

That the patronage of the cars is becoming normal again is shown by the fact that the attendance at the Ak-Sar-Ben carnival, which at first showed a heavy falling off, has now reached approximately that of last year.

DICKINSON'S SON BETTER.

NASHVILLE, Oct. 4.—Secretary of War Dickinson arrived from Washington last night at the bedside of his oldest son, Overton Dickinson, who has been dangerously ill of heart failure at Bellemeade. Young Dickinson is said to progress rapidly. The young man's mother also reached here last night from Seattle.

NOTICE TO THE PUBLIC.

A man giving the name of Frank Tennant, and carrying a subscription book and some of the literature of the Provident Mutual Building Loan Association of Los Angeles is soliciting stock subscriptions and promising loans in the name of the Association. He has no authority to do this and has made false representations concerning our plan.

The only authorized agents in Fresno are Pierce & Anderson, who will give any information desired, and we will be glad to make loans on any reasonable security.

TRYING IT OUT

They are evidently trying for us, in New York, the question whether the race-track gamblers shall re-invade California. We passed the New York law here, and the race-tracks closed. In New York, under the same law, they went straight ahead, not merely with the racing (to which no one objects) but with the gambling. It was all done by a subterfuge, but the bookmakers have so far usually managed to get juries on their side. Now indictments have been returned against not only the chief bookmakers, but against the track owners themselves, and test cases will be fought through the Court of Appeals. There it will be determined whether the New York law is sufficient to stop the gambling. If it can be stopped under the law, it will be done. If the law is not strong enough to do the work, Governor Hughes will recommend one that will do it. Then both the New York and California legislatures should pass it.

Until somebody starts races that do not depend on betting for their support, we do not want any racing in California. Private betting, in good faith, between individual spectators, is not a public evil, and nobody cares to pass any laws to stop it. But also, no race track man cares whether such betting is permitted or not, since that sort of betting contributes nothing to the support of the track. And any betting that does contribute to the support of the track is exactly the thing we want to stop. So the horse racing itself is not wanted, unless it is self-supporting, without dependence on bets. If horse racing of that sort is impossible, then we want no horse racing.

Let us hope that New York will settle the whole question for us. Under the guidance of Governor Hughes they do these things better there.

WANTON INSULT

The Los Angeles Times has an insulting cartoon on "our leading reformers," in which one of them is represented as "jagged in a public hearing," with a bottle of "booze" in his pocket; another is pictured accepting rebates; another disgorging "Bard oil money" to the court; another altering the public records; and finally, Meyer Lissner, standing under a pawnbroker's sign, rubbing his hands in a suggestively "sheeny" attitude, and saying "chent per chent a munt."

Now all these insults except the last rise at least to the dignity of lies. They are definite charges, either true or false, and if false the law gives its remedy, more or less adequate, to the persons concerned. It is fighting with dirty missiles, but it is at least fighting, and in the open. But the cartoon of Lissner is simply a wanton insult, not to Lissner, but to his race. There is no more useful citizen in Los Angeles than Meyer Lissner. Also there is no Jew further removed from what is vulgarly known as the "sheeny" type. Lissner is not merely a vigorous, unselfish, patriotic man. He is also a gentleman, of enviable ancestry and cultured personality. He represents not merely his race at its best, but the best of that American citizenship which transcends the bounds of race and creed. To represent him as the "chent per chent a munt" type of Jew is to insinuate that these are the typical Jewish qualifications. Also, in this cartoon, it is to insinuate that to be a Jew is on a par with being a forger, an embezzler, a grafter and a drunkard. This is not the first time nor the hundredth that the Times has made just this insulting charge. It is a wanton offense, not merely to the Jewish people of Los Angeles, who include many of its best citizens, but to every decent person of any race or creed, who has respect enough for himself to demand decent respect for others.

NOT INCLUDED

A communication in another column from Secretary Fechter of the Y. M. C. A. corrects a statement in yesterday's Republican, in so far as the Lutheran and Episcopal churches were included among those whose communicants may not become active members of the Association. The error arose through the difference in definitions of the word "evangelical." It seems that under the definition adopted by the Association it includes the Lutheran and Episcopal churches, and they should therefore be omitted from the list as given in yesterday's Republican. Of course it still remains true that President Taft could not be admitted, though he is an active and devout church member, as well as an enthusiastic supporter of the Y. M. C. A. Also, it remains true that the churches excluded contain the majority of all the Christians in the world. But we stand corrected as to the Lutheran and Episcopal churches.

Now that the time is approaching for the proposed intervention on Fresno's behalf before the Interstate Commerce Commission, it becomes incumbent on the business community to undertake the collection of such funds as may be necessary for the expenses of that intervention. When the Terminal Rates committee of the Chamber of Commerce undertook last spring to arrange for the intervention, the Executive committee of the Chamber authorized the statement that at the proper time came it would take the initiative in raising the funds. That does not mean, of course, that the Chamber of Commerce or its Executive committee are to provide the money, but merely that they will undertake to start the ball rolling. This we understand they are ready to do, and we suppose the proper course will be to call a meeting at an early date to consider the subject.

W. H. AVERELL MAY SUCCEED M'GOVERN

LOS ANGELES, Oct. 4.—It was reported here today that W. H. Averell, superintendent of the Los Angeles division of the Southern Pacific, is slated to succeed W. A. McGovern of the western division, who recently resigned to enter the service of another road.

When seen tonight Mr. Averell stated he had heard the rumor, but knew nothing of its authenticity.

Averell is a nephew of Mrs. E. H. Harriman, and his rise with the Southern Pacific has been rapid. His original service was at Tucson, where he was trainmaster, assistant superintendent and superintendent of the Tucson division, then to Bakersfield as superintendent of the San Joaquin district. From Bakersfield he came to Los Angeles.

MOORISH POMP AT WASHINGTON

Letters from Sultan for President Taft and Secretary Knox Made Public.

WASHINGTON, Oct. 4.—Clad in the picturesque white robes and the turbans of Morocco, their native country, Sid Laarby Zenhagi, first secretary, and Sid Mohammed Ben Abdalan Ben Jelul, a native of Fez, were received at the state department today.

They came as the personal representatives of the Sultan of Morocco at the Hudson-Fulton celebration and to deliver letters from the Sultan to President Taft and Secretary Knox. Each of the letters presented was wrapped in a figured silk scarf, beautifully embroidered. The letter to the secretary of state follows:

"Praise be to the only God. There is no strength or power but in God, the Great, the Almighty.

"To the dear, the wise, the statesman, the Minister of Foreign Affairs (Secretary of State) of the great nation, the Honorable Philander Chase Knox: We beg to inform your excellency of our master, the Prince of Believers, the Sultan of Morocco, upon the invitation of the illustrious and honorable President of your great nation, regarding who will be officially sent to represent this navy empire on the occasion of the two great celebrations which will be held in New York, will be sent in answer to the kind and courteous invitation the servant of his Shereefian Majesty, Exalted by God, the Fekieh, the Scribe, the Wise Sid Laarby, son of the famous Fekieh, the late Sid Mohammed Sanhagi, who was one of the viziers of our master, the great king, the late Sultan Mouley Hassen, may God have mercy upon his soul, being accompanied by the servant of his majesty, the Amin, the Wise, the Well Known for his truthfulness and commercial reliability, Sid Mohammed Ben Abealan Ben Jelul.

"They are bearers of a holy letter from his Shereefian Majesty to be presented to the President of your great nation. The said letter is adorned with expressions of friendly congratulations on the occasion of the said invitation, which is felt to be most agreeable to both of our countries and contains assurances of these reiterated congratulations of the government of our victorious and great master, the Sultan.

"We trust that the friendly relations will develop and increase to the satisfaction of both our countries.

"In faith, Shabaan 20th, 1327, September 6, 1909.

(Signed) AISSA BEN MARQ."

AMERICAN MAY WIN SWISS BALLOON RACE

Many European Contestants Have Come to Earth, After a Short Time in Air.

ZURICH, Oct. 4.—Frank McLean, representing England, landed in Bohemia at 10:27 a. m.; Colonel Schaeck of Switzerland, near Neustreitz, at 12:45 in the afternoon; Dr. Anton Schlein, Austria-Hungary, at Landshut, lower Bavaria, 8:25 a. m.; Maurice Richstine, France, at Neustadt, Silesia, time not given; Captain Van Abercon, Germany, about 18 miles from Reichabach, Silesia, at 2:25 p. m., and Guido Piaccenza, at Rieia, Bohemia, at midday.

The Spanish balloon landed at 7 o'clock in the morning in upper Austria.

Six of the balloons that started yesterday in the international race for the James Gordon Bennett cup, have not yet been reported. As Edgar W. Mix, the only American entrant, is included inthese, the chances of an American victory, which always has been thought possible, are greatly enhanced.

England, Austria-Hungary and Italy have been eliminated from the contest, but the America, Belgium, France and Germany are yet to be heard from, one balloon representing each of these countries being still unreported, as well as Skitterland, which is still represented by two balloons.

LAMPHERE HAS BUT A FEW MORE DAYS

Accomplice of Woman Murdress May Confess Before Dying of Consumption.

LA PORTE, Ind., Oct. 4.—Ray Lamphere, who was convicted as an accomplice of the arch murderess, Mrs. Gunness, has but a few more days to live, according to prison physicians. He is suffering from consumption. State's Attorney Smith is confident he will make a confession clearing away every detail of the Gunness death farm mystery when he realizes that his end is at hand. Up to the present time he has protested persistently that he knows nothing about how Mrs. Gunness killed and disposed of her victims.

ROBBERS HANG UP WOMAN IN SHED

LANSING, Mich., Oct. 4.—Mrs. W. B. Scott, wife of a baker of this city, was found in the woodshed of her home yesterday gagged and suspended by the wrists from a rafter so that her toes just touched the floor. The woman had been hung there by two masked men and had been tied up for more than two hours when her husband and a neighbor found her. She was utterly exhausted and has suffered severely from the shock.

According to the story told by the police, Mrs. Scott entered the woodshed just after the men had opened the door and stepped into its shadow. They seized her, threw her to the floor and after procuring a clothes line, bound and gagged her and hung her to a rafter, after which they entered the house and searched for money.

TELLS OF CURING BY MIND PROCESS

Rev. Palmer Describes Emmanuel System.

Its Field Is in the Treatment of Mental and Nervous Disease.

The first real exposition of the much talked of Emmanuel Movement ever given in Fresno was that given last night in the Congregational church by Rev. Albert W. Palmer of Plymouth church, Oakland. It was the beginning of a series of addresses and was consequently in the nature of an index of the whole subject. This evening Mr. Palmer will speak on "The Cure of Fear and Worry," one phase of the whole; following that up with a discourse tomorrow evening on "Getting Along With Other People." On Thursday evening the topic will be "The Real Secret of Rest," each lecture being illuminative of some especial phase of the larger subject and to be taken as a part of the course.

Mr. Palmer is scoring a success in Fresno. He impresses his audiences by his ability as a speaker, as a student, as an earnest believer in the doctrine he preaches and as a helpful teacher rather than a denominatory theologian. Young, eloquent and possessed of a rich, well modulated voice, he is likely to be remembered by the people who have the good fortune to hear him as one of the best of Fresno's visiting ministers.

The Emmanuel Movement having originated in the Episcopal church, it was perhaps fitting that Mr. Palmer should preface his address with an excellent selection of prayers and collections from the Episcopal church prayer book. They were rendered with more regard to elocution than is sometimes displayed by the curates of the English church and so were thoroughly appropriate and appreciated.

ADVANCE OF MEDICINE.

Mr. Palmer opened his address by paying a tribute to the medical profession. Medical science, said he, has never been so thoroughly understood as now; anaesthetics and antiseptics, the wonderful development of the science of sanitation and the discovery of anti-toxins, each contributes to the present effective power of the medical profession. A striking contrast of present conditions with those existing a century ago was afforded by a recital of some of the advertisements in papers, published in the New England states early in the nineteenth century. Applicants for positions then frequently enumerated among their qualifications the fact that they had had small-pox, and those requiring personal servants insisted that the applicant should have passed through that loathsome disease as a condition precedent to securing the position.

The recent comparative mastery of germ diseases was well illustrated by a reference to conditions on the isthmus of Panama prior to and since American occupation of the Canal zone, the death rate having been reduced from 70 per 1000 by yearly gradations to 14 per 1000, a result accomplished by the application of the present day system of sanitation and care. The speaker made the somewhat sweeping assertion that if the medical fraternity should be given absolute control of the sanitation of the world all germ diseases could be obliterated in three generations.

EMMANUEL MOVEMENT.

All this was indicative of the wonful improvement in medical science and introductory to the real subject of the address. Thus much has medical science done; thus far has it gone—and beyond this, is the realm of mental disease, that same medical science falls short and is in need of the assistance offered by the Emmanuel Movement.

This movement for the mental treatment of mental diseases, said Mr. Palmer, has developed in Europe and in this country along totally different lines. In Europe it has grown, under the fostering care of psychologists and other scientific students, along absolutely scientific lines. In this country, on the contrary, it has developed along utterly unscientific lines and has found expression in Christian Science. In Europe the Emmanuel Movement has the approval of scientific thinkers and in this country the sanction of the Episcopal church, at least in Boston, while Christian Science calls upon its adherents to sacrifice science to dogma, reason to credulity. Mr. Palmer especially disclaimed any intention to attack Christian Science. He urged upon his hearers to regard the Christian Scientists with a wide charity, but he made no secret of his belief that Christian Science contains too large a leaven of error to be acceptable.

But, said the speaker, Christian Science will have its value. Even as Unitarianism had. When the orthodox faith depicted the Supreme Being as a malignant despot, ordaining some to eternal joy and others to everlasting damnation, Unitarianism revolted against the doctrine and as the years have passed the result has been a great modification of theological belief. So it will be with Christian Science. The truth, that there is a mental cure for mental diseases, will be triumphant in the orthodox church and there will find its widest expression; the falsehood and error will be forgotten as the years go by, even as the negative part of Unitarianism has failed.

If Christian Science should dominate, then all belief in sanitation, in quarantine, in preventive measures against disease would necessarily have to be abandoned.

RECOGNIZES DIAGNOSIS.

The Emmanuel Movement recognizes the mental element in health and disease and that the greatest power in the mental cure of disease is along the line of a Christian faith. The new movement, or psycho-therapy, to be more scientific in terminology, differs also from Christian Science in that it recognizes the necessity of diagnosis. Functional diseases yield to mental treatment. Organic disease does not. And herein, said Mr. Palmer, is the secret by which the Emmanuel Movement will avoid the tragedies which have strewn the pathway of Christian Science, tragedies due to the ignorant belief in mental treatment for ailments which diagnosis would have proven to be organic disease requiring medical treatment. Anticipating the criticism of the Christian Scientist that this limited the power of God, Mr. Palmer said it is not a matter of what God can do but of what God does. God, he admitted, could sustain him in life for three years without food, but God does not do it. God could cure organic diseases, doubtless. But the Divine Being has certain methods of running the universe and He does not allow us to cure organic disease by anything but medical science, surgery or the like.

SUB-CONSCIOUS MIND.

The sub-conscious mind, through which cures are effected in any system of mental healing, was illustrated and the speaker passed to a resume of the methods of the Emmanuel Movement. Summarized, they consist of the confessional, work, and suggestion conveyed to the sub-conscious mind. Mr Palmer's personal experience seems to have been generally along the line of suggestion for the cure of extreme nervousness bordering upon hysteria. He has cured himself of severe indigestion and consequent headaches; has brought a woman parishioner from a state in which her belief in God had departed, to a state of renewed faith and comparative health, and caused a boy suffering from nervous shock, to lose all fear and to sleep when sleep had previously been impossible. And all this Mr. Palmer attributes to the power of the sub-conscious mind, or rather to the power of the practitioner working through or upon the sub-conscious mind.

After the address Mr. Palmer invited questions from his hearers and the invitation was availed of by one or two members of the congregation. In answer to their queries the speaker amplified his references to Christian Science and explained one or two points of his address.

There was a large attendance and it expected that as the method of Mr. Palmer's treatment of this marvelously increasing movement becomes known in the city the audiences will rapidly increase during the week.

At the afternoon meeting Mr. Palmer gave a very charming and helpful address on "The Rediscovery of the Boy." It was full of valuable thoughts for those having the care and education of children and this afternoon series should attract a large attendance.

WEALTHY CONVICT GETS NO FAVORS

JACKSON, Miss., Oct. 4.—Charles B. Smith, one of Mississippi's wealthiest citizens, who has been committed to the penitentiary to serve a life term for the murder of E. A. Laurent of Nashville, who was a traveling salesman, must be treated like any other prisoner. This is the edict of Governor Noel, who was informed by members of the Travelers' Protective association that favoritism was being shown Smith.

Prison officials admit that Smith had been appointed a "trusty." Traveling men assisted in convicting Smith, who defended himself by claiming the unwritten law first and insanity afterward. In the testimony Smith's daughter contradicted the assertions of the defense.

BED SPRINGS SAVE HIS LIFE.

CHICAGO, October 4.—Old wire bed springs lying in a junk yard at the rear of Michael Hatz's residence, saved Hatz's life last night.

While walking in the hall of the house Hatz stepped through the window and fell from the third floor to the junk yard below. He lit on the old bed springs. He was taken to the county hospital, where attendants said he would recover unless he had internal injuries.

PROBING JURY SCANDAL.

CHICAGO, Oct. 4.—Further probing into alleged irregularities in the official drawing of jurors was forecasted today by the issuance of subpoenas directing the jury commissioners to turn over their boxes and records to the state's attorney office. Commissioner John Holland and two other men are now under indictment for alleged conspiracy to draw jurors in a manner not authorized by law.

BROKER FIRM FAILS.

TORONTO, Oct. 4.—The stock brokerage firm of Wyatt & Company suspended today. Their liabilities, it is said, will exceed $100,000, involving the accounts of seventy-five to eighty customers.

TWO YEARS FOR ASSAULT.

OAKLAND, Oct. 4.—A. J. Lefort, charged with assaulting Henry G. Miller by beating him over the head with a revolver, was sentenced to two years in the county jail today. The cause of the assault was a quarrel over $300 which Lefort is alleged to have owed miller.

TAFT'S SUNNY POLICY IS STILL IN RIGHT DIRECTION

It sounds restful to talk of "ultimate justice" to be wrought out by our grandchildren and enjoyed by their children's children, but after all it is the aggressive reformers, of the saner type, such as are suggested by the names Roosevelt, Hughes, Pinchot, Ben Lindsey Folk and their kind, who accomplish in a decade what the general run of humanity might work out under most favorable circumstances in a century.

There is a very decided tendency on the part of many to find excuse for a policy, like it-will-come policy, under cloak of what they flatter themselves to be calmness of spirit and self-restraint. History proves, however, that the great forward movements of the world had the way prepared for them by aggressive men who wrought away in advance of the great body of their fellow men. Most of them were looked upon in their own time as extremists. Later, when the mass of humanity had moved up to their position, they were crowned as heroes and the world has ever since been exerting itself to do them homage.

The News believes that our good President is inclined to err in sacrificing something of personal conviction to party harmony. The President, by reason of his moral prestige, and power through patronage is in a position to exert great weight in determining the course of his party and of congressional action.

Mr. Taft's statements at Salt Lake are somewhat disturbing to those who have looked for a determined pressure on congress to make good all pledges of the administration party, as construed by the President. It is a little dampening to hear the President state, even in advance of what ought to be a determined effort to make good to the public, that an effort is to be made but that compromise is more than probable. This is judicial language; it is presidential language as presidents go; it is not Rooseveltian, which perhaps we have no right to expect.

It is plain enough that we have no second Roosevelt on our hands. We may as well adapt ourselves to that fact and learn to await patiently the issues, as the sunny tempered President awaits them, anticipating for our children's children the realization of what may not be had in our own time. Gentle trade winds are bearing us on our course, possibly as rapidly as we need to go, and we seem to be still headed in the right direction. It is to be hoped, however, that we may not be becalmed.—Pasadena News.

RUSSIANS CONDEMN TWO GERMAN SPIES

WARSAW, Oct. 4.—A military circuit court has condemned two German subjects, one of them to four years and the other to two years in the penitentiary, on the charge of espionage.

BODY IN BOX CAR MAY SHOW MURDER.

MARYSVILLE, Cal., Oct. 4.—The body of an unidentified man was found today in a locked box car of the Southern Pacific railroad. There are indications of foul play.

JAPANESE AT CLEVELAND.

CLEVELAND, Oct. 4.—A tour of the factory district and a farewell banquet by the Chamber of Commerce were the features of today's program in the entertainment of members of the Japanese Trade Commission.

The nine members of the commission in charge of B. Namiko, who made a visit to Niagara Falls to meet Prince Kuni, grandson of the Mikado, who attended the Hudson-Fulton celebration, returned here today.

HARTFORD, Conn., Oct. 4.—John C. Taylor, secretary of the Connecticut Prison Association, committed suicide at the state capitol today by shooting.

Mr. Taylor was 70 years of age. It is believed he was temporarily deranged. He was a veteran of the Civil war.

BATTLESHIPS TO BE SOLD.

SEBASTOPOL, Oct. 4.—The Russian battleships Ekaterina II and Tchesme have been stricken from the list and will be broken up and sold.

Keep Your Baby Well By Feeding It On Our Milk

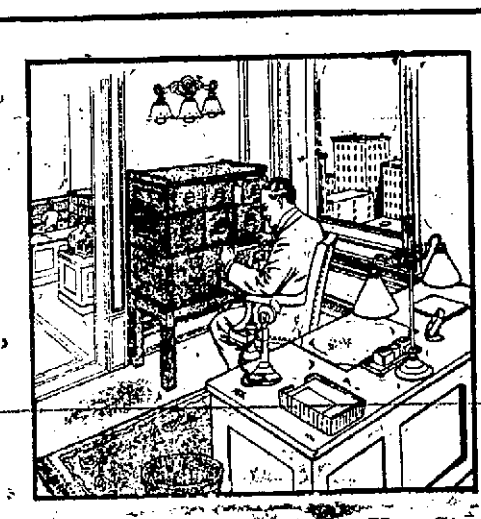

Even more than an adult's is a baby's health dependent upon its food. There is practically but one food for babies, and that is milk. Whether used alone or for mixing with baby foods, its purity is absolutely necessary to insure good health. A host of fat, healthy, happy Fresno babies, that are fed on our pure, rich, natural milk, give ample evidence to substantiate our assertion that your baby will keep well and grow strong if fed on our milk.

We especially urge parents, mothers in particular, to visit our dairy and see for themselves the clean, sanitary conditions that prevail there, and to see how we handle our milk. With the knowledge thus gained, coupled with the fact that all the milk we sell comes from our own herd of 325 healthy cows, it will convince you that no better baby food can be had than the milk we sell.

WEATHER CONDITIONS

SAN FRANCISCO, Oct. 4.—The following maximum and minimum temperatures are reported from Eastern stations for previous day:

Chicago 62-58; New York 82-70; Omaha 86-58.

Forecast.

San Francisco and vicinity: Cloudy on Tuesday, moderate southwest wind.

San Joaquin valley: Cloudy Tuesday, possibly showers in the Sierras, light west wind.

GENERAL CONDITIONS

A trough of pressure overlies the entire Rocky mountain region from Mexico to the British line, with the center of greatest depression beyond the northern boundary. This disturbance has given rain in amounts ranging from light to moderate in California, Nevada, Idaho, Utah, Western Colorado and New Mexico. Elsewhere no precipitation of importance is reported.

Generally fair, moderately cool weather prevails from the Missouri valley eastward to the Atlantic coast under the influence of an area of high pressure overlying that region.

The pressure is increasing on the Pacific coast and it is probable that fair weather will prevail in Fresno and vicinity during the next 36 hours though owing to the proximity of the disturbance mentioned above, there will be more or less cloudiness. It will probably be somewhat warmer Tuesday.

W. P. FULLER, Local Forecaster.

Air temperature 70
Highest temperature yesterday 71
Lowest temperature yesterday 51
Humidity (percentage of) 49
Wind N. W. (mil. per hr.) 5
Fair tonight and Tuesday; warmer.

Engineer Otto Schweder was allowed by the supervisors $30 for the transportation of Luella Stromberg to Los Angeles, Cal., as an indigent ward of the Salvation Army.

Wells Fargo & Co. will sell at public auction on October 30th, at No. 946 J street, opposite Hughes Hotel, all unclaimed shipments received at their several offices prior to January 1st, 1909.

Inmates in the county orphanage on September 1 numbered 41, admitted since 4, discharged 3, in charge on October 1, 45. Receipts and disbursements were $1405.84 with $287.20 as a balance on hand.

A man by the name of Crabtree, A. E. Petty and an unknown Mexican were arrested for drunkenness yesterday. Jos Dias was arrested for fast driving through an alley and Gregorio Ernandez was arrested for creating a disturbance while intoxicated.

Patients and inmates in the county hospital and almshouse on September 1 were 101 and 65, admitted 33 and 5, died 11 and 3, discharged 8 and 8, still in charge 97 and 59. Administration expenses of the hospital were $942.99, subsistence cost of hospital $1651.57 and of almshouse $580.57. Pay patients paid in $222.50.

William Hinton having asked the supervisors to call an election to choose three trustees for the newly formed Zaiser reclamation district, the board has fixed the 15th of November as the day, the hours between 9 a. m. and 4 p. m. and the place the office of the Summit Lake Investment company. The three police named to hold the election are C. E. Dower, C. E. Smith and W. D. Thornton.

IN THE LODGE ROOM.

FRATERNAL BROTHERHOOD

Fraternal Brotherhood No. 91, held its usual meeting in Einstein hall last night. All business was attended to but hastened in order to give more time for the social features. Many members are going to Oleander next Saturday evening and are looking forward to a pleasant time.

Messrs. Walton, Masselman and Fitzgerald were appointed a committee to devise ways of starting work for new members. Now that the weather is getting cooler the lodge means to put all efforts into this work.

A committee of six, consisting of W. D. McDonnell, Mesdames Flora Tinsley, Elsie Hunt, Barnes and Burns, was appointed to prepare for an anniversary social on October 25th, for on the 27th we will celebrate our tenth anniversary.

FRESNO LODGE, I. O. O. F.

Assemblyman Irish last evening suggested that Fresno Lodge, I. O. O. F., subscribe $2000 in stock in an enterprise to build a convention hall at the corner of Kern and L streets. As the grand lodge will meet here in May, it was urged that it was particularly of interest to the Odd Fellows that the city have a suitable place for such public gatherings. Mr. Irish looked so favorably upon the proposition that he was willing to put $2000 personally into it and declared that if after two years the lodge was not satisfied with the investment he would guarantee to take the stock off its hands. By a close vote the lodge decided not to make the investment. A committee of five was appointed to look into the availability of the Burton opera house and of Armory hall for the Rebekah assembly.

OLEANDER LODGE

Last Saturday night Oleander hall was the scene of a mass gathering as the members of Oleander Lodge No. 178, T. P. E., gave a surprise to one of its members, Sister Snow (formerly Miss Anna Hahsen) in the form of a reception and a handkerchief shower. When she recovered from her surprise she made a nice little speech of appreciation after which refreshments were served and then a jolly good time was had.

PERSONAL MENTION

Tulare County Clerk D. M. Barnwell is back at his desk after a vacation of one month.

Herman Schultz, who has been a visitor for three days as the guest of County Recorder Harlow, returned yesterday to his home in Arbuckle in Colusa county. He is a large rancher, cultivating to grain a patch of land over 5000 acres in area.

W. H. Woswick, wife and daughter left last night for the East on a visit. Fresno fair will proceed directly to Texas. There they will go to Cleveland and on to New York, where they will take a steamer and return home by way of Panama. They expect to be absent about three months.

MORE REVOLUTIONISTS ARE SHOT AT BARCELONA

PARIS, Oct. 4.—A dispatch received here from Barcelona says the trials and executions of revolutionists have been resumed in that city. As an instance it is declared that Ramon Clementi was shot today against the wall of the Montjuich fortress "for rebellion, profanation of the bodies of convent sisters and setting fire to a factory in which several persons were asphyxiated."

The public prosecutor has appeared before a military court martial, demanding that several men accused of rebellion, incendiarism and robbery be sentenced to death or to long terms of imprisonment.

BEAUTIFUL WOMEN

Bad Stomach Causes Unsightly Complexions. The San Joaquin Drug Co. Have a Remedy.

Bad stomachs mean bad blood, bad blood means sallow, unattractive skin.

Why? The stomach in a healthy condition separates the nutritious matter from the food and gives it to the blood to supply the entire body with nourishment.

If the stomach is not in a healthy condition it does not separate from the food the nutritious matter and it passes off with the waste.

Thus the blood is impoverished and has not sufficient nourishment to supply the muscles, skin and body generally.

If you have belching of gas, distress after eating, nausea, biliousness, nervousness or faint hr th, then your stomach is wrong and you want the best prescription for stomach troubles the world has ever known.

You want Mi-o-na tablets, the great stomach remedy which the San Joaquin Drug Co. Guarantee to cure indigestion, no matter of how long standing, or money back.

Relieves stomach distress at once. Mi-o-na is sold by leading druggists everywhere and in Fresno by the San Joaquin Drug Co. for 50 cents a large box. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

HYOMEI

(PRONOUNCED HIGH-O-ME)

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler $1. Extra bottles 50c. Druggists.

MASS MEETING TO BE HELD SATURDAY

Growers Will Discuss Plan of I. Tielman.

First Board of Directors Is Practically Chosen By Committee.

I. Tielman announced last night that the mass meeting of growers to perfect the final arrangements for the formation of the proposed million dollar corporation will be held next Saturday at Einstein hall. The committee appointed to select the first board of fifteen directors has about completed its work. Mr. Tielman, however, stated last night that it was not his desire to make the names of the directors public until they should be read from the platform on Saturday.

It is the desire of those who are behind the plan that as many of the growers of the county as possible be present at the meeting. The hall is to be filled with chairs and an effort will be made to make comfortable all those who attend.

It is considered essential to the success of the plan that two thirds of the growers sign up their crops on a five year contract and for that reason it will be absolutely necessary, if the corporation is to be formed that about all the growers be present to hear the plans discussed and to make any suggestions that they may have.

Should it become apparent between now and Saturday that Einstein hall will be too small to hold the crowd an effort will be made to secure a larger meeting place.

In view of the fact that the business men of Fresno are to be admitted as stockholders considerable interest is being manifested in town circles in the proposed corporation, and it would not be surprising to see as many business men in attendance at the meeting as growers.

MUST HAVE BASIS OF COMMON BELIEF

Fechter Explains Why Active Membership of Y. M. C. A. Is Confined to Evangelical Churches.

Editor Republican—In the editorial appearing in this morning's issue of your paper on "Why Not Let Taft In," you include members of the Episcopal and Lutheran churches as being outside the pale of active membership in the Young Men's Christian Association. In this you have evidently been laboring under a wrong impression as the association does not bar members of either of these denominations from voting and holding office. One of the leading general secretaries of this state is a member of the Episcopal church and in our own local association a member of the Lutheran church has been serving on the board of directors for the past three years.

In regard to the association broadening its admission requirements so as to include in its active membership those denominations which are not now considered evangelical, there of course is considerable difference of opinion and your view is even held by some of our association leaders. Some good reasons may be given why they should be admitted and some very strong reasons may likewise be given why they should not be admitted to active membership.

I will not attempt to present any argument on either side except to say that the association since its organization in 1844 has existed without schism for the reason that controverted subjects and non-essentials are not discussed, such as the mode of baptism, sanctification, predestination, church policy, etc. A consistent Unitarian, Universalist or Roman Catholic could not find the same basis for agreement on fundamental truth as would members of evangelical denominations. There would probably be sharp controversy as to the use of Protestant and Roman Catholic Bibles, the Diety of Jesus, place of direct evangelism, etc.

The dilemma which now exists with reference to reading or teaching the Bible in public schools would then have to be faced by the association, for it is a well known fact that the greatest stumbling block in the way of placing the Bible in the schools is the failure of the evangelical and non-evangelical denominations to come to some kind of an agreement in the matter. As a result the Bible classes enrolling over ninety thousand men and boys last year and the religious meetings attended by over five millions, could scarcely be maintained. The religious work as a whole, which is one of the strongest features of the association's work, would in such a case be abrogated and the organization deteriorate into a social and athletic club.

The active interest taken by President Taft in the association and the strong recommendation which he gave the work, seem to indicate that he is little concerned whether he be admitted to active membership or not. President Taft is large enough and broad enough to overlook his own personal rights or privileges and see the great good the association is accomplishing among the men and boys of this and other countries of all classes, colors and creeds.

Thanking you for giving space to the publishing of the above, I beg to remain,

JOHN FECHTER, JR.,
General Secretary Young Men's Christian Association.

STEAMSHIP CAPITALIST DIES.

LONDON, Oct. 4.—William Watson chairman of the Cunard steamship company, died here today. He was born in 1842.

CHILDREN SHOWED IT

Effect of Their Warm Drink in the Morning.

"A year ago I was a wreck from coffee drinking and was on the point of giving up my position in the school room because of nervousness.

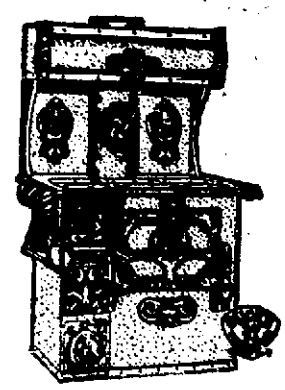

"I was telling a friend about it and she said, 'We drink nothing at meal time but Postum, and it is such a comfort to have something we can enjoy drinking with the children.'

"I was astonished that she would allow the children to drink any kind of coffee, but she said Postum was the most healthful drink in the world for children as well as for older ones, and that the condition of both the children and adults showed that to be a fact.

"My first trial was a failure. The cook boiled it four or five minutes and it tasted so flat that I was in despair but determined to give it one more trial. This time we followed the directions and boiled it fifteen minutes after the boiling began. It was a decided success and I was completely won by its rich delicious flavor. In a short time I noticed a decided improvement in my condition and kept growing better and better month after month, until now I am perfectly healthy, and do my work in the school room with ease and pleasure. I would not return to the nerve-destroying regular coffee for any money."

Read the famous little "Health Classic," "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

The Greatest Stove Sale FRESNO HAS EVER KNOWN

Social and Club News

When it comes to the real creme de la creme of high life, it is hard to find a more fitting occasion to exploit it than when there is a lone bachelor to send off on his benedict days. Society has sent forth any number of handsome, dashing bachelors into the unknown realm of domesticity, and there has usually been an accompanying bachelor dinner to celebrate the plitting. Last night the Sequoia club red room was the setting for as merry a little party as has marked the departure of one of its treasured bachelors on a matrimonial career.

Dr. Harry J. Craycroft was the inspiration for this outburst of jollity and his hosts were a dozen of his close friends and all prominent members of the club and promoters in its jollifications. The decorations—but what's the use—who ever sees the decorations at a bachelor farewell. It is the good fellowship spirit that is the foremost feature of these assemblies, while the decorative features are most decidedly left to the bride's affairs.

There may be a lot of truth in the saying that the groom does not count at a wedding, but an occasion like last night is the one time when he really comes into his own. Those who joined in the celebration last night and who gathered about the festal board with the genial young doctor were Lee L. Gray, Arthur Goodfellow, Charles Barton Rexford, DeWitt Halsey Gray, William McLean, Albert W. Smith, Thomas B. Minturn, Jack Sprague, Victor McLymont, Dan Brown, Jr., Samuel Hilton.

* * * *

Miss Grace Osburn has asked a dozen or more of her girl friends for luncheon next Saturday at her home on T street.

* * * *

Local society will be immensely interested in the news from Houston, Texas, of the engagement of winsome little Mable Markham to Mr. Lungham, a wealthy young business man of the Southern city. Miss Markham was the guest of the Frank Romains for several months last winter and was conspicuous in smart set doings during the mid-winter season. Her father was for some years prominent in railroad circles and the family lived in Fresno in earlier days when Miss Mable was a small maid in pinafores. The wedding is to take place on November 11th and is to be an important event in exclusive circles of Houston where the family is prominent. Mr. Langham is building a most artistic bungalow which they will occupy when they return from their wedding journey.

* * * *

Mrs. R. B. Parker is expected home on Thursday from a European trip that has kept her abroad all summer. She has been traveling through Europe with Mrs. B. B. Cory, who will remain in Chicago with her son for a few weeks before returning home. Mr. Parker leaves tonight for Sacramento to meet Mrs. Parker on her homeward journey.

* * * *

The members of Mrs. W. P. Miller's Shakespeare classes will meet with her this evening to form classes and arrange for the winter's work.

* * * *

Mrs. Stanton L. Carter and Miss Ronnie Carter returned on Saturday night from San Francisco. Miss Carter has spent the past two months with her friend, Miss Marjorie Bowes in Seattle, and is most enthusiastic about the Alaska-Yukon Exposition.

* * * *

Mrs. F. M. Lane, president of the Leisure Hour Club, entertained the club members most delightfully yesterday afternoon at her home on Blackstone avenue. The hostess had spared no pains in her entertainment and the club members were most enthusiastic in their praise of the charming afternoon which she arranged for their pleasure.

There were several unique features of entertainment and the most lovely decorations adorned the rooms. Vases of feathery pepper bough with the bright red berries clinging to them decorated the archway between the double reception rooms, while a number of beautiful potted plants and other greenery added to the artistic effect. In the dining room where a tempting luncheon was served at the close of the afternoon, the decorations were in smilax, beautiful strands of this delicate vine forming festoons over the table and encircling the mirror plateau in the center of the table.

For souvenirs of the happy occasion the hostess presented each guest with a pretty hand-painted card adorned with the club flower, a golden poppy. Upon a card attached to this dainty souvenir the ladies wrote their answers to questions involving Shakesperian pictures sketched in water colors. Mrs. S. L. Wiley won the prize, a daintily bound volume of Shakespeare. Miss Hatch was the successful contestant in a literary game, deciphering a small boy's impression of the Psalm of Life as he heard it. Mrs. E. K. Farnald established her reputation as an artist of ability when she won the prize for drawing the best pig in a blindfolded contest.

A letter of greetings from Mrs. Corn Cureton to the club was read and signed by all the members to be returned to the sender. Mrs. Cureton is a patient in Lane Hospital, San Francisco, where she underwent an operation a few weeks ago.

Miss Otto and the hostess' sister, Miss Balthis, assisted at this very delightful afternoon, which gave the club members much pleasure. Little Miss Anne Meux, chaperoned by her grandmother, Mrs. J. C. Cooper, was a much admired guest of honor.

The club will meet for study next week with Mrs. J. C. Cooper and will begin with Mrs. Miller the play of "Coriolanus."

* * * *

Mrs. E. R. Higgins returned several weeks ago from San Francisco, where she has been enjoying the society of her small granddaughter, who made her appearance in the Jannoupoulos home on September 4th.

* * * *

On Saturday afternoon the members of the Golden Hour Circle of the First Presbyterian Church met at the home of Mrs. J. H. Looney on Valerin street. There were about seventeen members of the circle present and Mrs. C. S. Thompson was added to the membership list. The circle is preparing to hold an old-fashioned quilting bee very soon, as its especial money-making device is tacking comforters. This circle is to have charge of the candy booth at the coming bazaar which the church is planning to give, and plans for this booth were talked over. The social side of the afternoon was not neglected; the hostess serving some dainty refreshments after the sewing bee.

FRESNO PIONEER CALLED BY DEATH

John Brazill Passes Away at His Home, 836 O Street, After Long Illness.

John Brazill for 19 years a resident of Fresno, passed away at his home in this city, 836 O street, yesterday morning, after a lengthy illness, aged 67 years. The deceased came to California in the late sixties, and had been a resident for this state for about forty years. Prior to his residence in Fresno county he was a resident of Oakland and San Francisco.

John Brazill was born in Ireland, June 24, 1842. He came to Fresno county in 1890 and for fifteen years resided in Fresno Colony, where he was engaged in the vineyard business. Ill health caused him to leave the country, however, and he removed to the city four years ago, where he has resided ever since.

The deceased is survived by a widow, four sons and two daughters, Thomas C., Michael P., William J., James F., Marie C., and Mrs. P. A. Clark of Los Angeles.

The funeral will take place at 8:30 o'clock Wednesday morning from the late residence, 836 O street, thence to St. John's Catholic church, where a solemn high mass will be celebrated at 9 o'clock. Interment will be in Mountain View cemetery.

WANTS FRANCHISE TO CONNECT LINES

The Fresno Traction Company asked the supervisors yesterday for a franchise for a double track beginning on first street, near the north line of Tulare avenue, connecting with the tracks thereon and running southerly along the central portion of First street to the southerly line of Kern avenue. In other words the franchise is to connect the Pollasky track with the hospital avenue on the tract of land newly opened by the company. For this franchise the company will pay 2 per cent of the gross receipts after the first five years. Bids for the franchise will be opened on the 11th of November.

FOR THE PUBLIC

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but probably nothing has been so effective as teaching the public how to break up a cold and cure coughs, bronchitis, tonsilitis, etc., with simple home-mixed medicine free from opium, poisons, etc. A laxative cough syrup, free from whiskey and poisons is the prime need. A cough indicates inflammation and congestion and these in turn are due to an excess of waste and poisons in the system. A tonic laxative cough syrup rids the system of congestion while relieving the painful coughing. Get the following and mix at home: One-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. Cut this out and save it for some friend.

"KNIGHT FOR A DAY" TOMORROW EVENING

Captivating Scenes, Pretty Music and Elaborate Gowns Promised in Musical Comedy.

A well-known consistent theatergoer who "sees everything" worth while says the New York production of "A Knight for a Day" is fully the equal in merit and equipment at Wallack's theater as was the original production in Chicago where for one solid year the theater was crowded with people who find entertainment in these frothy effervescent musical pieces. The production here at the Barton tomorrow night is the most complete, artistic and effective representation of this newest musical craze fully in keeping as regards both cast, ensemble and scenic investiture with the long successful runs in both Chicago and New York. The principal roles are in the hands of well-known comic opera celebrities while the American Beauty Chorus has never been equaled in any musical effort of a like nature.

The dreamy stage-magician, Gus Sohlke, has worked a score of amazements in "A Knight for a Day." Picture after picture, panorama after panorama, always with the tossing skirts of graceful girls and those spangled bedizenments which intoxicate the eye, altogether novel, and all of them lovely. Through these captivating scene, pretty music and elaborate gowns wander through the whole beauty show in tireless changes of array and tableaux, and behind all this is an army of stage hands and mechanical experts.

MAKING A SENATOR.

A newly-elected United States senator, arriving in Washington with high ideals of the duty a man of his office owes the country, is formally interviewed by a smart newspaper reporter, whose cynicism in the matter of public officials is such that the older man thinks it best to have an adviser. So he makes an offer to engage the young reporter as private secretary. The latter hesitates until he meets the senator's two beautiful daughters, whereupon he decides that it would be a very good sort of a job, especially as the young women are to remain in Washington with their father.

That is the start of "A Gentleman From Mississippi," the highly successful comedy to be made known here next Thursday night in the Barton by a special cast organized by William A. Brady and Joseph R. Grismer, already known here for their admirable way of putting forward that other big success of recent years, "The Man of the Hour." The play comes with its reputation already made; while there can be no question of the manner in which it will be played here, inasmuch as the Brady-Grismer companies are noted wherever American plays are acted for the even make-up, the perfect ensemble, and the all-round high quality of their performances.

What happens when the young reporter turns secretary to a United States senator? A great many things. Thus, he teaches the older man how things are done in Washington. The older man is surprised; but he shows his good class by speedily changing the habit of thought acquired in forty years of residence on a Mississippi plantation for the habit of thought of a man of the world, and lets his opponents see that the supposed "good thing" new to Washington is, in reality, the most determined of fighters.

The promise is made by the management that every man and woman engaged in the cast of this comedy has "made good" in his or her role in the course of the long New York city run. The seat sale is now open.

MAN IS ARRESTED FOR NON-SUPPORT

Previously Convicted in Portland, Oregon.

Although Employed as Mill Hand He Refuses to Care for Family.

William Harvey, Sr., appeared before Judge Graham, and on behalf of the Fresno County Humane Society made an application for a commitment of George Kohl, a German-Russian, for having failed to support his wife and six children.

In support of the application, Mr. Harvey placed Kohl's wife in the witness chair, and she informed the court that after the district attorney had decided that he could not extradite her husband, who for twelve months before had deserted her and her children in Fresno, she had borrowed $50 and had taken two of her children to Portland and had prosecuted her husband and the woman he absconded with for adultery. The husband paid a lawyer, who drew up an agreement, that in consideration of her past suffering and privation the husband paid her $200, and agreed to return with her to Fresno, and support the family.

Upon this showing being made to the judge in Portland, he allowed the prosecution to be withdrawn and she brought her husband and two children back to Fresno. They returned on the 7th of September. He got work with Hollenbeck & Hush at $18 a week, and promised Mr. Harvey that out of that earning he would support his wife and six children; and anticipating he would do that, the prosecution in Fresno had not been pressed. But now the wife says that though he worked there for three weeks, he had not contributed a cent to her or the children's support and that she had worked in the raisin seeder to feed herself and the children, her husband getting his breakfast and supper at home. She said that when she remonstrated with him, he declared that she could support the family out of the $200 he had given her. This was objected to, as it was given to her for her own separate use and as compensation for the suffering she had endured. But she told the court the money was all expended excepting $50, as follows: She had paid her husband's, her own and the children's fare back from Portland, $46; she had paid back her church friends who gave her money to go to Portland, $50; she also paid a $50 grocery bill and borrowed money, leaving her with some debts and $50 in hand. That when she asked him for money the husband had said that he was spending $8 a week on himself and paying $10 a week into the savings bank and when he got sufficient money he was going to leave Fresno and she might do the best she could.

The defendant was arrested by Police Officer Bradley and brought into court. He confirmed his wife's statement as to his earning $18 a week, and admitted that he had not paid a cent toward the support, claiming that she ought to support him and the family out of the $200 had gave her in Portland, Oregon. The court fixed the hearing of the case for Saturday next at 2 o'clock and turned him loose on his own recognizance.

Get in the Purity Flour contest and win the Yosemite Valley trip.

WARM DISCUSSION BY SCHOOL BOARD

Evening Given Up to Heating Plants.

Matter Is Postponed Until Tomorrow Evening for Second Inning.

The city board of education held a meeting last night which occupied nearly three hours, almost the entire time of which was devoted to a general discussion of the merits of heating plants. The discussion was brought about by the opening of bids for a plant for the Lincoln school and its annex. At the conclusion of the discussion the board decided that it had not yet gained sufficient knowledge of hot air dispensing appliances and adjourned until tomorrow night, when probably another discussion will ensue and perhaps the contract be awarded.

Only two bids were on hand for the contract of installing the heating plant. One was from the Pacific Blower & Heating Company of San Francisco. The other was submitted by the Barrett-Hicks Company of this city. The bid of the last named concern was for $4195 with an incidental $675 charge for a Gearhart oil burner. The highest bid of the San Francisco concern was $4099, with several amendments that would either diminish or increase the price.

Both companies had representatives on hand to set forth the merits of their respective bids as well as of their apparatus. The hearing of these arguments occupied the entire evening, and it was not until a motion to adjourn was made by one of the sleepy members of the board that the persistent representative of the San Francisco company, who was determined to secure the contract at all hazards, was forced to desist in singing the virtues of his machinery.

Aside from this the board transacted but very little business. It was expected that the plans and specifications for the annex to the Lowell school building would be taken up and considered and a call for bids of contractors be issued. But this matter was postponed owing to the lateness of the hour.

A motion was carried that the fence from the Lowell school be taken down and removed to the Lincoln school grounds. This was done in order to take advantage of the offer of Contructor Bailey of the firm that is making the improvements at the Lowell school to put up a fence about the last school named providing that the board would hire one man to assist in the work and furnish the material. Chairman Frank Homan of the board was also authorized to take steps toward saving as many of the trees as possible on the school grounds where new buildings are being erected.

MENNONITE COLONY COMING FROM EAST

Two Hundred in Party; Will Settle at Lerdo in Kern County and Follow Farming.

A colony of 200 Mennonites from Kansas and Oklahoma is coming to this state the latter part of next week to settle just this side of Bakersfield on a large tract of land owned by H. J. Martens. The new residents will settle at a place called Lerdo on the Southern Pacific line and will there start a good-sized town.

H. J. Martens, owner of about 30,000 acres of land in Kern county, has opened it up for colonization and last fall he brought four excursions of about 70 people each from the East. The party now west-bound came out on these first excursions and bought land, returning to their Eastern homes to bring their families back.

In forming their settlement, the Mennonites are planning to erect a $40,000 college in addition to the business houses which will be put up.

The Mennonites are a religous sect who have settled in Kansas and Oklahoma and are noted for their thriftiness.

C. E. Spear, of the local Southern Pacific office, will leave the latter part of this week for El Paso where he will meet the colonists and conduct them to their future home.

GOOD REPORTS ON COALINGA SCHOOLS

County Superintendent Lindsay announces the appointment, vice Max Shaffroth, resigned, of Roy Fine as clerk and trustee of the Oil King district school over in Coalinga. In the Lewis district, about fourteen miles up on Los Gatos creek, school is running with only three pupils. The district expects the moving in of several families, which will increase the school's attendance to ten or twelve, one family alone bringing in five children. Mr. Lindsay speaks in commendable terms of the new high school at Coalinga, now in its second season, with twenty-nine or thirty pupils. The school has two instructors, where last year it had only one. The grammar grades of Coalinga, with an attendance of 250, are crowded and could well employ the services of at least two more teachers. Last year they had five teachers and one has been added. Last year the high school had thirteen pupils.

GRANGER SEEKING EASTERN CAPITAL

F. S. Granger, promoter of the Fresno-Hanford interurban line, is now on his way to Chicago for the purpose of influencing capital to take bonds in the road.

Up to the present time the directors of the road have been unable to come to terms with any of the capitalists with whom they have consulted, and it is reported that a supreme effort will be made this time to land some money to start construction.

A. B. Clark, president of the Fresno-Hanford Railway company, when seen last night regarding Granger's visit to the East, stated that he could not give out the object of the trip just at present, but added that information would probably be forthcoming within a few days.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

Itch! Itch! Itch!—Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulets (25 cents per box) correct the liver, tone the stomach, cure constipation.

Cures baby's croup, Willis's daily cuts and bruises, mama's sore throat, grandma's lameness—Dr. Thomas' Eclectric Oil—the great household remedy.

"ILLUSTRIOUS SIRS" GIVE USE OF PARK

Portuguese Union Is Granted It for its State Convention Here on the 10th.

"The "Illustrious Sirs" of the Honorable Board of Supervisors, as they were addressed, received yesterday a petition from members of the executive committee of the annual convention of the United Portuguese of the State of California to beg permission to appear and crave attention.

The petition set forth that "it has been decided to effect the work of said annual convention of the U. P. E. C. during the week commencing the 10th of October, 1909, in the city of Fresno," and "as the aforesaid committee is doing its best to make that occasion a befitting one to be enjoyed alike by everybody it is imperative that we humbly come before your honorable board supplicating your permission to use the music stand at the court house park for the performance of concert music, etc., two or three hours each day, also permission to frequent the park during the said week of the convention of the supreme council of the U. P. E. C."

The committee was J. L. Enos, O. L. Freitas, S. J. Freitas, F. C. Paiva, F. V. Silva, A. G. Sequeira, M. M. Soares, C. L. Freitas and M. L. Alvares. The request was granted and the board also accepted the invitation of the visiting committee to attend the various entertainments, Supervisor Mitchell making note particularly of the evening of the ball at Armony hall. Supervisor Jorgensen excused himself, declaring that as his Portuguese employes will be attending the week's festivities, he will be under the necessity very likely of attending to the work horses on the ranch.

For the convention one of the unions will bring a band of sixty pieces and the music at the park will be of an attractive character.

CITY HAY MARKET IS DEMORALIZED

Railroad Yards Overcrowded at Opening of Week.

Most Urgent Efforts Necessary to Escape Demurrage Tax.

The San Francisco hay market report of Scott, Magner & Miller, inc., shows that receipts for the last six days in the city amounted to 4,300 tons.

These heavy arrivals, in addition to the large quantities that have come into the market during the last three weeks have proved a heavy burden to the situation. The little rain at the end of last week plainly showed it to be a necessity to remove the hay from the fields at once, and every effort therefore has been used since to do so.

The railroad yards in the city were overcrowded with hay at the opening of the week. The firm in question had eighty-six carloads on the railroad tracks on Monday morning.

The effect of these conditions has been to adversely affect the market. It has been nearly impossible to remove all the hay within forty-eight hours after arrival to prevent demurrages of $8.00 per day per car. The most urgent efforts were necessary to be used to escape this heavy tax. The result of all the above caused a pretty well demoralized market throughout the week. It was necessary, in many cases, to effect sales, to make heavy concessions on former prices, and a thoroughly disturbed condition of the market prevails.

As soon as this present movement modifies, conditions will adjust themselves to a supply and demand basis. There does not appear to be any confidence expressed on the markets here, that any better figures than prevail may be looked for in the immediate future, even when the warehouses begin to be drawn on to supply the current demand.

Export shipments have been decidedly moderate, and this statement will also cover on coastwise shipments. There have been many inquiries for hay for outside shipments, and much might have been done in this direction to relieve the market if prices throughout had ranged on a lower basis, and in closer sympathy with the heavy stocks on hand throughout the country tributary to San Francisco.

Alfalfa hay is lower; the demand has not been as active as anticipated, and the supply has been exceedingly heavy, much of the alfalfa hay is being offered at lower prices than have prevailed.

There has not been much straw shipped into this market lately, but the demand has been very moderate, and prices remain unchanged.

LICENSES TO MARRY FOR 3 COUPLES

The three licenses to marry given out yesterday were to the following named:

Louis O. Van Wormer, native of Michigan, aged 26, and Lena Trower, native of Missouri, aged 18; residents of Fowler.

Oabray H. Ward, native of Illinois, aged 55, resident of Dinuba, and Alice G. Dunton, native of ——, aged 80, and resident of San Jose, Cal.

Frank W. Hawkins, aged 22, and Lena May Cotton, aged 20, residents of Visalia and natives of California.

CAR MANAGERS MEET.

TORONTO, Oct. 4.—The eleventh biennial convention of the Amalgamated Association of Street Electric Railroads of America opened here today. The association, which embraces the entire United States, has about 100,000 members.

A FEW DOSES MAKE KIDNEYS ACT FINE AND END BACKACHE

Out-of-Order Kidneys Are Regulated and Bladder Trouble Goes.

If you take several doses of Pape's Diuretic, all backache and distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine.

Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

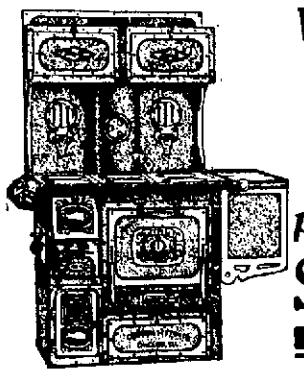

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you upset any kidney or urinary disorder or feel rheumatism pains, begin taking this harmless medicine, with the knowledge that there is no other remedy at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs and no backache.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

We invite the closest comparison in quality and price on

STOVES

We know of our own comparisons that we are selling the best stoves and ranges in Fresno at the lowest prices.

UNIVERSAL RANGES always give satisfaction. Roomy feeder, asbestos lining, quick baking oven, balanced doors, nickel trimmings. Everything a good range should have. We sell them and cook stoves, heating stoves, coal-oil heaters, air-tight heaters, gas heaters, at prices that appeal to economical people.

You are safe at Graff's—remember that when you start out to buy that new stove.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

A Million Dollars Back Of

Cole's Hot Blast Guarantee

See what the makers—the Cole Manufacturing Co. of Chicago—have written us. Pretty strong from a **million dollar concern** selling 60,000 of this one stove a year—isn't it? Read it. Remember the Original sold here only:

$12 up

GUARANTEE

"You are authorized to sell the Original Cole's Hot Blast Heater this year on the most rigid guarantee ever made by any stove manufacturer. Our guarantee to every customer of ours is—

"1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, black or lignite.

"2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with same size fire pot.

"3—That the room can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.

"4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

"5—A uniform heat day and night with soft coal, hard coal or lignite.

"6—That every stove will remain absolutely air-tight as long as used.

"7—That the feed-door is and will remain smoke and dust-proof.

"All we ask is that the stove shall be operated according to directions and set up with a good flue.

"(Signed) COLE MANUFACTURING CO., (Makers of the Original Patented Hot Blast Stove)."

NEWS OF EVENTS IN REALM OF SPORT

STATE LEAGUE NO MORE AN OUTLAW AGGREGATION

Enters Fold of Organized Ball With Class B Rating; Herman Signs Articles; Buck Francks Is Not Released

SAN FRANCISCO, Oct. 4.—The California State Baseball League came into the fold of organized baseball today when Frank A. Herman, representing the directors, signed articles with Cal Ewing of the Pacific Coast League, whereby the State League becomes affiliated with the national organization with a class "B" rating.

As a result of the new arrangement, the State League season was brought to a close with the games played yesterday, and a post season series between the Stockton team, winner of the first half of the season, and the Oakland team, winner of the second, will open at Oakland next Saturday. There will be seven games in the series.

San Francisco, Stockton, Oakland, Sacramento, Fresno and the other city, yet to be selected, will be in the league next year. Mr. Ewing, it is stated, will finance the San Francisco team and the Coast League grounds on both sides of the bay.

The final series of four games for the State League will open in Stockton Thursday, October 14.

The foregoing dispatch received in this city last night puts a quietus on any further discussions as to whether or not the State League will enter the ranks of organized ball and means that hereafter Fresno fans may witness a ball game at Recreation Park without being obliged to hand over a contribution afterward to quiet the cry of the directors that they need money to meet expenses.

No longer will the fans attend a game with fear and quaking lest they be "touched" for a small donation on the side. The salary limit of a Class B team is $1,800, while the salary limit of the present team has never been less than $2,250.

President Shuck of the local club, when seen last night, refused absolutely to say anything regarding his conference in Oakland, and it was through other sources that future plans for the club were learned. As a matter of fact, Shuck has had little to do with the scheduling of games, his whole time being devoted to generalling a corps of "enthusiastic" fans who have been circulating about the city seeking what money they could devour, and consequently his ability to tell of future games is very limited.

Manager McDonough stated yesterday that he will make an effort to secure the Philadelphia Americans here for two days and an effort will also be made to get the All-Star National team to come to this city.

Arrangements are also under way for a series of games with the Los Angeles Coast League team, so that while the State League season has come to a close, Fresno will see some excellent ball games for the next month or more.

A game will be played with Modesto at Modesto next Wednesday and efforts are also being made to secure game with Newman and Visalia. At Modesto Taft will witness the game.

FRANCKS NOT RELEASED.

Contrary to the report which was circulated about the city yesterday, Manager McDonough stated yesterday afternoon that Buck Francks was not released, and that he would not be released.

Members of the local team are up in arms over the result of the recent Oakland-Fresno series and they are outspoken in saying that they believe some one was bribed to throw the games which would give Oakland victory and the league leadership. Manager McDonough was tipped off by an Oakland fan last week that dirty work was being done but all the members of the team hooted the idea.

While there is no evidence to show that any member of the team "threw" any games, a well grounded suspicion has arisen that at least one man was bribed, and a merry war is promised next week if there are any more developments.

SCHOLASTIC TEAM DEFEATED BY U. C.

High School Boys Are Outweighed By University Men and Grow Weak.

LOS ANGELES, Oct. 4.—The University of California football team won from the All-Stars of the Southern California High schools on Fiesta Field by a score of 19 to 3, today.

Superior weight and strength told on the High school boys. In the general scrimmage and dribbling, the 'varsity men were suprior to the lighter High school representatives.

Nearly every institution of the South playing the Rugby game was represented. Polytechnic, Los Angeles High, Redlands, San Bernardino, Pomona and Harvard all having players on the field.

At the end of the first half the score stood 11 to 0 in favor of California.

The second half opened with the All-Star boys showing weakness and the 'varsity kept the ball in their territory the greater part of the time. The locals were awarded a free kick from a difficult position, which Gelfler converted, placing the High school players on the short end of an 11 to 3 argument. Berkeley scored two more times, converting one before the close of the second half.

PAPKE MAY HAVE SURPRISE COMING

NEW YORK, Oct. 4.—Local followers of pugilism, who have been watching Willie Lewis in training, believe that he will have a surprise in store for Billy Papke when they meet in Pittsburg on next Friday night. Lewis, who has whipped Sailor Burke several times, has a terrific punch, which he has been cultivating for Papke, and his friends now declare that he knows Papke's valuable points and will devote all his energies to landing a knockout blow on Papke's chin.

KETCHEL-JOHNSON FIGHT POSTPONED

SAN FRANCISCO, Oct. 4.—The Ketchel-Johnson fight, which was to have taken place on October 12, was postponed tonight until October 16 at the urgent request of Promoter Jimmy Coffroth. The promoter declares that he believes it better to change the date for business reasons, Saturday being a better day than Tuesday to draw a crowd. All conditions governing the match are unchanged in the new articles.

STEPS TO IMPROVE CELESTIAL NAVY

WASHINGTON, Oct. 4.—As a humble beginning in the work of equipping China with a modern naval establishment, Prince Tsai Hsun and Admiral Sah, naval commissioners entrusted with this gigantic task, according to advices just received in Washington, have taken steps "to ascertain the number of existing men of war and vessels." This done, they will inaugurate a policy, it is said, of raising the necessary funds to enlarge the navy, of fostering naval education and inspecting the existing naval bases.

An elaborate plan for the better education of the Chinese officers of the navy is said to have been agreed upon. A movement has been inaugurated to convert the school in the Whampoo dock yards in Canton into a marine engineering college and the naval college of Chefoo into an imperial navigation college with an increase in the number of students.

MORE SOUVENIR STAMPS.

WASHINGTON, Oct. 4.—The Postoffice Department has made a request of the secretary of the treasury to authorize the Bureau of Engraving and Printing to issue 20,000,000 additional Hudson-Fulton commemorative postage stamps. The original issue of these stamps was 50,000,000.

RYON'S CHALLENGE QUICKLY ACCEPTED

Freddie Ryon, the well-known middleweight wrestler, did not have to wait long for answer to his challenge issued yesterday morning to Tony Monkers for a match at any place and on any date, weight to be 158 pounds.

Tony Monkers, who was supposed to be in San Francisco when the challenge was issued, was in Fresno early last night and stated that he would accept the challenge on the terms proposed by Ryon. The two will get together and arrange further particulars.

JAPANESE DEFEAT WISCONSIN TEAM

TOKIO, Oct. 5.—The University of Wisconsin baseball team lost a chance to tie Keio University's nine today when the visitors went down to defeat in the fourth game of the series, three of which have been won by the Japanese. One run, as in all the other games, decided the contest in favor of Keio, 5 to 4. Eight Japanese reached first to seven Wisconsin men, while the six errors were evenly divided between the two teams.

AD WOLGAST SIGNS TO MEET REDMOND

MILWAUKEE, Wis., Oct. 4.—Ad Wolgast announced today that he had signed to meet Jack Redmond November 14 at New Orleans, for a twenty round battle, Redmond being given the choice of weights, 130 pounds, at 3 o'clock, or 133 pounds ringside. Wolgast will meet Clarence English at Omaha late in October.

DAN SHAY TO PLAY IN DESERT LEAGUE

EL CENTRO, Cal., Oct. 4.—The Colorado desert baseball league was organized here today for the third year's winter season. The league is composed of teams from El Centro, Imperial, Holtville, Brawley, Calexico and Yuma, the latter city being a new addition to the league. Each town puts up $250 for a franchise. The season opens November 6 and closes February 22, giving each place twenty games. The teams will be composed of class A players, among whom are Scott of Chicago; Easterly of Cleveland; Browning of San Francisco; Nagle of Los Angeles and Shay of Kansas City.

FOOTBALL PLAYER FATALLY INJURED

POTTSVILLE, Pa., Oct. 4.—Robert Millington, half back of the Pottsville high school football team, is dying as the result of injuries received in a football game at Shamokin Saturday afternoon. He received a kick in the abdomen.

SILVER SERVICE GIVEN BATTLESHIP MINNESOTA

NEW YORK, Oct. 4.—A $10,000 silver service and a stand of colors were presented to the battleship Minnesota here today. The silver was the gift of the state whose name the warship bears and the flags came from Minnesota school children, each child having contributed one cent.

ATLANTIC FLEET DISBANDS.

WASHINGTON, Oct. 4. — Today marked the beginning of the disbanding of the vessels of the Atlantic fleet, now at New York in attendance on the Hudson-Fulton celebration the ships going to their respective "home yards" for overhauling and repairs. The flagship Connecticut, the Kansas and the Vermont will stay in the Hudson river until October 9.

PROMOTER SUICIDES.

TOPEKA, Oct. 4.—Roy G. Daniels, president of the Arkansas Amusement Company of Hot Springs, Ark., committed suicide by shooting at the National hotel today. He left a letter giving the financial failure of several of his houses as the reason for his act.

National League Season In New York Ends In Big Row

Philadelphia Players Refuse to Leave Field and Game Is Forfeited.

NATIONAL LEAGUE STANDING

Pittsburg	108	42	.720
Chicago	101	48	.678
New York	91	59	.607
Cincinnati	77	74	.528
Philadelphia	72	78	.480
St. Louis	53	95	.358
Brooklyn	53	95	.356
Boston	43	106	.289

TODAY'S GAMES.

Boston at Brooklyn.
Pittsburg at Cincinnati.
Chicago at St. Louis.

NEW YORK, Oct. 4.—The National League championship season in New York ended today under unfortunate circumstances, Philadelphia forfeiting the second game to the locals. The first contest was won by the home team, 6 to 5, and in the second the score in the fourth inning was 1 to 1, when Pitcher Moren objected to a decision. Mullen, a new umpire, put Moren out of the game and also ejected Knabe and Doolin. The latter two refused to leave the field and Mullen awarded the game to New York, 9 to 0. The spectators sided with the referee and he was cheered when he left the field. Score:

(First game:)	R.	H.	E.
Philadelphia	5	11	3
New York	6	8	0

Batteries—Corridon and Doolin; Wiltse and Wilson.

Second game forfeited to New York in fourth inning when score stood 1 to 1. Umpire—Mullen.

CHICAGO, Oct. 4.—Chicago closed the local National League season today by defeating Pittsburg. Score:

	R.	H.	E.
Chicago	8	11	2
Pittsburg	2	5	2

Batteries—Brown and Moran; Frock and Gibson. Umpires—Rigler and O'Day.

BROOKLYN, Oct. 4.—Brooklyn and Boston divided a double header here today. Scores:

(First game.)	R.	H.	E.
Boston	4	11	0
Brooklyn	2	4	1

Batteries—Curtis and Smith; Knetzer, McIntyre and Bergen.

(Second game:)	R.	H.	E.
Boston	1	6	1
Brooklyn	3	12	0

Batteries—Mattern and Radin; Dent and Marshall. Umpires—Klem and Sternburg.

On the Bench

Only a few more days and the umpire work in organized ball, when forgiven. As a whole, their work in organized ball, which they have received the support and encouragement of the officials of the different leagues, has been remarkably good, for the task was most difficult. With unreasonable fans, selfish magnates, and reckless newspaper critics to face, no human being could ever hope to please all. The success of the game is largely due to their "sand" to face opposition and their skill to interpret intricate rules.

From the Boston "Globe:"—This is the time of the year when you hear all about how the Eastern league will depose President P. T. Powers at the annual election this fall. The truth of the matter is, that without the old leader the Eastern league would soon be foundering on the rocks.

From the Boston "Journal:"—It is amusing to read that this and that baseball player can sprint 100 yards in ten seconds. When you consider that there are comparatively few trained sprinters in either the amateur or professional ranks who are sound 10-second men, you can appreciate the absurdity of the claims made for the baseball players. There may possibly be a few ball players who could be trained to do 10 seconds, but put them into spiked shoes without any training and it is doubtful if the fastest of them could do 11 seconds.

President Ebbetts, of the Brooklyn club, has broken the record for reserving players. The names of sixty-nine players appear on the list he has filed at the National league headquarters. Eight of the men are catchers, twenty are pitchers, twenty-two are infielders and eleven are outfielders.

Chicago fans are panning the Cubs just now in a merciless manner. They say Stinfelt and Sheckard have seen their best days and must be replaced. They are scoring President Murphy for not getting Catcher Kling at any cost, and say that Chance has lost his grip as team manager. The Cubs will meet the White Sox in a post-season series and Comiskey's players will have an army of rooters. If the Cubs should lose this series, Chicago's interest in National league affairs would probably receive a hard jolt.

Lajoie is never given anything but legitimate base hits by the scorers. Cobb is not the clean-cut baseman that Lajoie is, but is continually getting the best of the scoring by fumbling, wild throwing and hurried work of the infielders caused by Cobb's great speed.

From "Everybody's Magazine:"—Once I asked Christy Mathewson why, generally, pitchers cannot bat well. "Because a pitcher is not a ball player," answered this unerring young man, swiftly. This is largely true, even though epigrammatic. Pitching is an art as subtle as fencing. The pitcher is a specialist. Above all, he is a pitcher. He may be, in addition, a ball player, but he may not be. If he is not, he has to be made into one—for pitchers do not grow on every tree.

Some baseball men want to have the size of bats increased to three inches in diameter, most bats now measuring two and three-quarters. The growing effectiveness of pitching is causing the agitation.

President Heydler, of the National league is receiving praise all over the major league circuit for backing up his umpires. Mr. Heydler's determination to have clean ball has earned the support of all fair-minded fans in all of the big cities and magnates inclined to score them are being subjected to severe criticism.

STILLWATER WINS.

PARIS, Oct. 4. The Prix Dublin-Allen, run at St. Cloud today, was won by H. B. Duryea's Stillwater.

WORLD'S SERIES TICKET SALE IS UNPRECEDENTED

PITTSBURG, Oct. 4.—The National Baseball Commission, having charge of the sale of seats for the world's championship series games here between Pittsburg and Detroit, announced tonight the the mail order sale of reserved seats has been unprecedented. The 18,514 tickets for each game at Forbes Field were sold 48 hours after mail orders were received. An official of the Pittsburg club announced that $100,000 worth of orders for seats for the first two games here have been returned with a notice that no reserved seats were left.

BELMONT RESULTS

BELMONT PARK, Oct. 4.—Firestone, the second choice, today won the New Rochelle selling stakes, one mile, in a terrific drive from The Squire.

He carried top weight, 121 pounds, and it was only through his gameness that he was returned the winner. Firestone followed the pace set by Mary Davis to the stretch, where Martin sent him into the lead.

BELMONT PARK, Oct. 4. Results:

First race, one mile—Sandrian, 4 to 1, won; Charlie Hargrave, 13 to 10, second; Fighting Bob, 13 to 10, third. Time, 1:39 3-5.

Second race, steeplechase, about two miles—Bello, 12 to 1, won; Ruxton, 20 to 1, second; Brennan, 20 to 1, third. Time, 4:08.

Third race, mile and a sixteenth—Nimbus, 11 to 10, won; Blue Book, 8 to 5, second; Zlenap, 5 to 1, third. Time, 1:46.

Fourth race, mile—First One, 8 to 5, won. The Squire, 4 to 1, second; Mary Davis, 7 to 5, third. Time, 1:39.

Fifth race, six furlongs—Acumen, 6 to 1, won; Little Hoy, 20 to 1, second; Louise Welles, 3 to 5, third. Time, 1:13 2-5.

Sixth race, six and a half furlongs—Campeon 2 to 1, won; Royal Onyx, 5 to 1, second; Jeanne d'Arc, 3 to 1, third. Time, 1:19 3-5.

LOUISVILLE RACES

LOUISVILLE, Oct. 4.—The second week of the Louisville race meeting was ushered in this afternoon with a splendid card of six well-balanced races. The Old Inn handicap, the fourth race, was the feature. Hanbridge, running right back to his good race of Saturday, won.

LOUISVILLE, Oct. 4.—Results:

First race, six furlongs—Kiddy Lee, straight $14.70, won; My Henry, place $13.45, second; Judith Page, show $58.95, third. Time, 1:16.

Second race, six furlongs — Billy Rodemer, straight $26.65, won; Many Colors, place $71.20, second; Asquin, show $13.10, third. Time 1:14.

Third race, mile and seventy yards—Pretaolige, straight $143.45 won; Dever Girl, place $21.40, second; Aspirin, show $8.80, third. Time, 1:45.

Fourth race, mile — Hanbridge, straight $12.95, won; All Red, place $6.90, second; Old Honesty, show, out, third. Time, 1:35.

Fifth race, six furlongs — Boca Grande, straight $7.40, won; Short Order, place $11.45 second; Long Hand, show $52.70, third. Time, 1:15 3-5.

Sixth race, mile and a sixteenth—Almablore, straight $15.10 won; Rosehoro, place $7, second; Orlandol, show $6.65 third. Time, 1:47 4-5.

VANCOUVER RACES

VANCOUVER, B. C., Oct. 4.—Today's results at Minoru:

First race, six furlongs—Fairy Ring, won; Banorella, second; Terrago, third. Time, 1:18.

Second race, six and a half furlongs—Grace G., won; Long Call, second; Cuardo, third. Time, 1:23 2-5.

Third race, mile and fifty yards—Captain Burnett, won; Wolfville, second; Sink Spring, third. Time, 1:48 2-5.

Fourth race, seven furlongs—Work Box, won; Spohn, second; Boggs, third. Time, 1:30.

Fifth race, seven furlongs—Mr. Bishop, won; Blue Heron, second; Melton Cloth, third. Time, 1:33 3-5.

Sixth race, five furlongs—Irma Lee, won; Elektrowan, second; Contra Costa, third. Time, 1:03 3-5.

WISE SAYINGS.

Simply being left-handed doesn't prove that a man never does anything right.—Eddie Plank.

When a man is on the fence is he always offensive?—Garry Herrmann.

A glutton is simply a man who can eat almost as much as a small boy.—"Hen" Meyers.

There is always enough of some things to go around, and trouble is one of them.—Joe Cantillon.

The man who gets to the top can't very well help looking down on the rest of us.—Tyrus Cobb.

The rolling stone seldom rolls in wealth.—Arlie Latham.

Don't curse a disappointment unless you expect it to grow and stay with you for life.—Frank Chance.

One of the things you can't get for nothing is experience—Ben Shibe.

THE OLD FLAG FALLS.

By Grantland Rice.

Furl that pennant—for 'tis weary;
Round its staff it's drooping dreary,
And the Rugs are getting leary
Over whom it waved so well;
For there's not a cheer to greet it,
And there's not a Fan to meet it,
Hence we murmur, "Beat it—beat it—
From the staff in West Side Park.

Furl that pennant—furl it sadly;
For the brunt has broken badly,
Though ten thousand wildly, madly,
Swore it should forever wave;
But there's no hope left to wave it—
Bats nor base hits now can save it
With the wallops heroes gave it—
For the Dope is in the grave.

STOCKHOLDERS FIGHT TELEPHONE MERGER

DES MOINES, Oct. 4. — Minority stockholders in the Mutual Telephone Company of Des Moines, an independent concern with 8,000 subscribers, secured an injunction today stopping the Iowa Telephone Company or Bell interests from taking over the independent line.

Recently the Iowa company paid $600,000 for the majority stock in the Independent company, expecting to effect a merger. The injunction was asked on the alleged ground that the proposed merger was for the purpose of creating a monopoly.

"With the Other Fans," Where President Wants To Be

Famous Remark Made By Taft Endears Him to Baseball Fans.

[From the New York Sun.]

We don't know how many American voters are interested in baseball as players, rooters, and readers of the scores in newspapers, but their name must be legion, and if they could be organized for a candidate for office he could make a back porch campaign and harbor no uneasiness about his election. However, that is a mere whimsicality, for no one is more set in his likes, more indomitable in reverses than the baseball partisan. You could not "organize" him for anybody, but we do declare that Mr. Taft uttered an immortal phrase and endeared himself to a baseball-loving nation when, with mighty self-abnegation, he waved aside the proffer of a special seat at the contest in Chicago between the visiting Giants and said in a loud and exulting voice: "Put me with the other fans." So they pointed him to an ordinary grandstand seat, and with the agility of men who love baseball and brook no obstacles to enjoying the game he climbed nimbly over some intervening seats and sat down with a joyous air of anticipated triumph. All the great men were introduced to the man who was only president—"Pop" Anson, the eternal youth; "Muggsy" McGraw, the doughty Captain Chance, and Charlie Murphy, he who presides over the Cubs—and the distinguished but humble guest basked in their smiles of recognition and approval. Not only did he applaud the good plays and feign a proper melancholy when a Chicago batter struck out, but he cracked peanuts, diffusing a pungent aroma about him, and he ate the kernels with visible relish. Mr. Taft was doomed to see Chicago beaten when it would have pleased him to be regarded as a mascot, but he is used to such perverse luck. He has experienced it on Yale Field and at New London, and has gone away with a bleeding heart, although with a smiling face, as becomes a good loser. He "rooted" for Cincinnati during the game at Chicago, but a signal victory for Pittsburg was marked up on the bulletin board. However, these misadventures occur to us all, and then the pendulum swings the other way. Mr. Taft's turn as a mascot will come, and he will go nowhere for a season but his genial smile will signify success for the local players or for his own people "Put me with the other fans!" Ingenuous and hearty, but how timely and effectively. It will go down as one of the happiest and most popular of presidential utterances. No biographer who understands his subject and the times can afford to miss it.

AMATEUR BASEBALL

The West Park Grays again took the Perrin team into camp yesterday by the score of 8 to 4, Dwight Young, the West Park twirler, pitched one of his best games, but poor support gave the Perrins four runs. The Grays pounded Dan Burg, the Perrin pitcher, for plenty of hits, but were not able to bunch them.

The West Park Grays are coming to the front fast and would like games with other colony teams. Managers wishing games address Jack Devlin, Fresno, R. R. 5, box 31, or phone Suburban 2284. The line-up is as follows: S. Young, c; D. Young, p; E. Jagger, 1b; M. Burleigh, 2b; J. Stahl, 3b; F. Martinez, ss; J. Devlin, rf, manager; F. Leffler, cf; G. Jagger, lf.

The Eagles expected to play the Sanger Teddy Bears Sunday and when the Eagles came down to Sanger they picked up some High school and some Grammar school team. The Eagles defeated them by a score of 10 to 7. The Eagles expect to play the Perrin Colony Sunday on the Eagles' grounds here in Fresno.

LEMOORE, Oct. 4.—The Lemoore Santa Rosa Indians played their first game of baseball in this city since reorganizing their team on Saturday, the opposing team being Armona. From start to finish the redskins had everything their own way, winning the game by a score of 18 to 0.

Armona was outclassed and the Indians batted and fielded their positions to perfection. Cecil Boromb pitched for the Indians and Indian Ben was behind the bat. The Indians made three double plays and one triple. Next Sunday the Indians are scheduled to play Conejo at that town or in this city, the place having not yet been finally settled.

CONEJO, Oct. 4.—Conejo won from Selma at Conejo Sunday by a score of 9 to 2 in one of the fastest and cleanest games ever seen in Conejo. Selma never had a chance after the first inning to win, as Conejo tore in from the start with one run in the first inning and four in the second, and the rest scattered along in the game.

Selma won from Conejo two weeks ago at Selma.

McHenry was on the firing-line for Selma and Conejo secured 14 hits off his delivery, Culley pitched a fine game for Conejo and had the Selma players at his mercy at all times, and never once having to pull himself out of any tight places. Selma touched him up for three hits.

Conejo and Selma have played five games this year, Conejo winning three, thereby settling all dispute as to which is the best team.

Conejo has signed Preston and Tufts of Fresno for the balance of the season, Preston for short and Tufts for third, Hanson, the captain, going into center.

Next Sunday, the 10th, Conejo goes to Lemoore to play the Indian team. They would like to hear from any first valley team as they have several open dates.

The score:

	R.	H.	E.
Conejo	14	9	0
Selma	3	3	2

Umpire—Harmon. Time of game—1:35.

REEDLEY, Oct. 4.—Reedley put a crusher onto the Exeter baseball team Sunday by a score of 7 to 5. Both teams played good ball, Castle was in the box for Reedley and allowed six hits, while Buckman pitched for Exeter and allowed nine hits. Reedley has won five out of the last seven games played under the management of Charles Hackett. Next Sunday Parlier comes to Reedley for the third game this season.

WITCHFINDER WINS HANDICAP.

NOTTINGHAM, Eng., Oct. 4.—The Bestwood Nursery plate handicap of 200 sovereigns for 2-year-olds, five furlongs, was won today by Witchfinder. James R. Keene's Suffragist was second and Bob Sleigh third. Fourteen started.

BASEBALL BABBLE

In addition to being the leading pitcher on Connie Mack's staff, Harry Krause, this year's recruit, is breaking into the spotlight as a "rescue artist," the role inaugurated by George Edward ("Rube") Waddell, at present a member of the Browns, and a promising candidate for the minors. Twice within the present week he jumped into the fray when things looked gloomy for the locals' prospects, and on each occasion he emerged with flying colors. On Wednesday he stepped into the breach when Jack Coombs lost his grip, and in the four innings he pitched not a single man reached first base. On Thursday he again was called upon to do the emergency act when Eddie Plank felt unequal to finishing. From the fourth inning until the end he pitched magnificent ball and the Browns were again kept in check.

If Mathewson's rumored retirement is one of those hold-up things and the Giant management fails to come across, Matty, Johnny Kling and Mike Donlin might get together in the spring as the nucleus of an unattached team that would get a heap of attention from the fans.

Clark Griffith says he is satisfied with the record made by the Reds this season, and that the club officials are as pleased as he is. He expects the pitching staff to work better next year, and the team to get into the pennant hunt early.

The persistence of the report in and about the Georgia town that Heinie Heitmuller is to go to Atlanta at the end of the season has no basis in fact at this end, Connie Mack says.

It looks very much as if the Athletics will finish the season with two substitutes in the line-up. Barry is hardly likely to be able to play again before the wind-up and it is doubtful if Paddy Livingstone or Ira Thomas will get their damaged fingers in shape within a week.

If Ban Johnson is in favor of cutting down the spikes they will be cut down. What Ban wants usually gets the right of way in the American league.

Within twelve hours after he had posted his money an Eastern business man who put up $500 with a Cincinnati paper last week on the Athletics to win the pennant had seven acceptances.

Monte Cross was in the hunt for the managerial job at Atlanta, but the directors were sweet on Otto Jordan, the second baseman, who was obtained from Brooklyn four years ago.

WOMEN GOLFERS IN BIG TOURNEY

PHILADELPHIA, Pa., Oct. 4.—Out of seventy entries for the woman's national golf championship today at the links of the Marion Cricket Club, Haverford, all but three started and all the starters finished.

Not more than six of the scores were passably low. Of the seven British visitors all played but one, only four qualifying. Miss Dorothy Campbell, British champion, was the only one of the four to fall in the first six.

FIGHT POSTPONED FOR SECOND TIME

SAN FRANCISCO, Oct. 4.—The fight between the lightweights, Lew Powell and Johnny Frayne scheduled for October 15th in this city, has been postponed for the second time. According to the officials of the Pacific Coast Club, the bout will take place on the night of October 29 at Coliseum Rink.

YOUNG COUPLE MARRY IN MORGUE

SAN FRANCISCO, Oct. 4.—Interrupting an inquest to procure the services of Justice of the Peace Treadwell, Rudolph Sweitzer and Louise Hueber were married at the morgue today. The couple, aged 26 and 18, after procuring the license sought Judge Treadwell in his chambers. They interviewed Clerk Neil S. Keller and declared they were in a great hurry to wed, and were not particular about the place.

Informed that the judge was at the morgue, they hastened to that gruesome building and insisted that the ceremony be performed.

"But this is not a proper place; there are corpses on those slabs in there," expostulated the justice.

"We don't mind that," said the husband-to-be, and the bride-to-be nodded assent.

Deputy Coroner John A. Kennedy and Mrs. Mary A. Donahue were the witnesses.

REID IS MALE LL. D.

LONDON, Oct. 4.—Whitelaw Reid, the American ambassador to Great Britain, went to Manchester today and received the honorary degree of LL. D. from the University of Manchester, at the hands of Viscount Morley, chancellor of the institution.

AGED MAN SUICIDES.

SAN FRANCISCO, Oct. 4.—Nels L. Hamburg, aged 67, until recently an inmate of the Relief Home, committed suicide today in Golden Gate Park. He cut his throat with a razor.

Minor Leagues Object To Major League Reservations

Holding of Players Until Late Spring Cripples Smaller Teams.

The wholesale reserve of players of the big league organizations until late in the spring is causing minor league magnates to rise up in arms with strong denunciations and an effort will be made to put a stop to this work, as it cripples minors who are planning on strong material, the material being released too late to be of any benefit at the start. Below are reprinted comments on this system by two big Eastern publications:

WASHINGTON POST.

It is a fact that the minor leagues are beginning to kick about the wholesale way in which the big league clubs are taking players from them and then holding the players until late in the spring. Once upon a time a club that carried more than 18 players around the circuit was considered as being extravagantly run. Now any team that has less than this number of men with it is accounted as having a parsimonious president. Time was when the American League teams were able to get along with sixteen men—in fact, that was the limit for each team. The playing then wasn't any worse than it is now. It is the opinion of baseball men that the time has come to call a halt on allowing the clubs to corner so much talent. It is unjust to the major leagues, the minor leagues and the players themselves, say the would-be reformers. Many a good man has had his ambition ruined by sitting on the bench all season just because another athlete, not quite so good, perhaps, is a pet of his manager's. It is an incontrovertible fact that since the teams started carrying 20 and 25 men around the circuits, there have been more sore arms than ever were known. With a wealth of pitching talent a manager is likely to hold one man in reserve for a certain team and not allow him a trial against another, which is hardly a good way to develop a twirler. It is noticeable that master mechanics of their art like Christy Mathewson and Mordecai Brown were not developed in this way. They can go in and beat anybody, though occasionally their managers will not pit them against the tail-enders.

NEW YORK TIMES.

Barney Dreyfuss of Pittsburg, is with Charley Ebbetts on the question of limiting the reserve lists of the big league clubs and of changing the rules of the National Commission so that farming shall be prohibited instead of encouraged. The little Pittsburger used to be quite an agriculturist himself, but this year he passed up the business, not knowing that the rules of the National Commission were to be changed so that players who were out on optional agreements would not have to report to their old clubs on August 20th. Barney, in good faith, sold his surplus talent outright and took his chances about being able to repurchase any men he wanted this fall. So did other National League club owners. The American League magnates, it is said, were topped off that there would be a change in the rules and held their agreements back until the change was made. This, at least, is the charge of Dreyfus and of certain other persons connected with National League clubs.

EUROPEAN BICYCLE CHAMPION.

BERLIN, Oct. 4.—Henry Guignard, the Swiss cyclist, won the cycling championship of Europe yesterday at Steglitz. He covered 100 kilometers (62.1 miles) in one hour, 18 minutes 41 seconds.

Guignard's time is said to be a world's record.

IS FOUND MURDERED ON A UTAH RANGE

GRAND JUNCTION, Colo., Oct. 4.—The body of Joe Harris, a cattle puncher, who shot and killed Harry Sieber, a millionaire cattleman, eight years ago, was found on the range near West Water, Utah, yesterday afternoon. He had been shot to death. No trace of his murderers has been found.

It is believed that his death is the long delayed vengeance of enemies who for years have threatened to kill him on sight.

Harris shot and killed Harry Sieber on the latter's ranch near this city. Sieber had charged Harris with being a cattle "rustler." The killing took place in the presence of several of the Sieber cowboys. Harris was arrested and tried for murder, but after a sensational trial obtained his freedom.

FATHER AS OFFICER HAS SON IN CHARGE

SAN FRANCISCO, Oct. 4.—Frederick Wilkinson, a printer of Yates Center, Kansas left here today with his son, Clarence A. Wilkinson, whom he will escort back to their home to answer a charge of having passed a fictitious check on the Bank of Yates Center. The father had obtained permission of the authorities to make the trip as a special deputy sheriff, sworn in for the purpose, to spare the youth the disgrace of returning in custody of a strange officer of the law.

BARTON OPERA HOUSE

Corn steady; large yellow $1.70@$1.75.

Afternoon session: Wheat steady; no trading.

Barley steady; May $1.43½; December $1.39½.

EASTERN QUOTATIONS

NEW YORK, Oct. 4. Evaporated apples firm; fancy 10½@11c; choice 9@9½c; prime 8¾@8¾c; common to fair 6¾@8½c.

Prunes firm, with the larger sizes scarce; California 2½@7c; up to 40-50's Oregons 6@9c.

Apricots are active but supplies from the coast are arriving slowly and the situation in the primary market appears to be strong. Choice 10¾c; extra choice 11¼c; fancy 11½@12c.

Peaches are firm. Choice 5¾@6c; extra choice 6¼@5¾c; and fancy nominal.

Raisins unchanged; loose Muscatels 3¾@4¼c; choice to fancy seeded 4¾@5½c; seedless 3¾@5¾c; London layers $1.20@$1.25.

CHICAGO. A heavy tone caused by large offerings from the Northwest characterized the wheat market all day with the exception of a few minutes at the opening but the losses were not material. The buying of May from certain elevator interests furnished the only features of the day. Cash wheat was firm.

The trend of corn was still downward. The new crop is estimated by a local expert at 2,760,000,000 bushels. Cash corn in the sample market, however, remained steady. At the bottom December was off nearly a cent and the close was ¾@¾c under Saturday.

In the provision market October lard was the only product to advance, closing 10c higher. Such demand as there was was mainly for January deliveries. Cash products were firm.

PORTLAND—Wheat — Track prices: Club 88c; bluestem 96@97c; red Russian 86½c; Turkey red 88c; forty-fold 94c.

LIVERPOOL.—Close— Wheat: December 7s 7⅝d; March 7s 8d; May 7s 7⅝d.
Weather cloudy.

LIVERPOOL.—Hops in London (Pacific Coast), new crop £6 6s to £7 7s.

ST. LOUIS. — Wool firm: medium grades combing and clothing 23@30c; light fine 22@27c; heavy fine 13@21c; tub washed 25@37½c.

THE NEW YORK STOCK MARKET

NEW YORK, Oct. 4. The stock market developed uneven strength after a weak start today, but the activity dwindled under the influence of the sustained firmness of the call money rate. Call money touched 4½ per cent, Friday's high rate, early in the afternoon. A gradual recession from the rate due to the periodical money requirements of the first of October is looked for ordinarily.

The weekly bank statement published after Saturday's close explains the conservative attitude of lenders. The surplus reserve of the banks is down to the vanishing point and the depletion of cash still continues. The sub-treasury starts the week with a requisition upon the banks for $1,762,000 and has not a credit balance at the clearing house this morning.

Foreign discount markets showed more of the effect of the relaxation after the October 1 requirements the private discount rate receding a fraction in Berlin. Russia took the $3,000,000 gold available in London today following the $3,000,000 shipped from there to Egypt on Saturday. The government report on condition of cotton offered a small prospect for an increase of exchange from ports of that commodity, the condition a low record percentage for the season of the year.

The principal stock market influence was the determined advance in United States Steel. After opening down a point under the influence of selling from that point the stock started up and narrowed its distance from par from only a shade more than 5 points.

Various stories were afloat of a coming bonus to be turned back to stockholders out of the sums diverted from earnings into the Gary plant. It was rumored also that the company had purchased a million of its own shares in the market, as it is provided to do under its charter, representing an outlay of some $60,000,000.

These reports and others like them received no official countenance and the reliance placed on them caused some feeling of distrust of the general speculative position.

Railroad traffic officials from all sections reported an enlarging merchandise movement and increasing needs for cars.

The rise in Northern Pacific was based on the August earnings, the heavy increase in passenger earnings being attributed to the Alaska-Yukon-Pacific exposition travel.

A good impression was produced by the ready sale of a $25,000,000 issue of New York Telephone bonds, offered in this country and abroad. Some of the bonds of industrial companies rose in sympathy but the general bond market was irregular. To tal sales, par value $5,375,000.

United States bonds were unchanged on call.

TREASURY BALANCE

WASHINGTON, Oct. 4. The condition of the treasury at the beginning of business today was as follows:

Trust funds Gold coin $865,027,869, silver dollars $484,536,000, silver dollars of 1890 $4,065,000, silver certificates outstanding $484,936,000.

General fund—Standard silver dollars in general fund $5,671,430, current liabilities $98,003,527, working balance in the treasury offices $32,215,168; in banks to credit of the treasurer of the United States $39,077,556; subsidiary silver coin $21,210,751; minor coin $1,961,317. Total balance in general fund $96,196,805.

NOTICE OF TIME APPOINTED FOR PROVING WILL, ETC.
No. 2693

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Allie L. Appley, deceased.

Notice is hereby given, that Monday, the 11th day of October, 1909, at 10 o'clock, a. m. of said day, at the Court Room of said Court, department No. One at the County Court House, in the City of Fresno, in said County of Fresno, has been appointed, by the Clerk of said Court, as the time and place for proving the will of said Allie L. Appley, deceased and for hearing the application of Judson Appley for the issuance to him of letters of administration with the will annexed when and where any person interested may appear and contest the same; said will is a foreign will heretofore admitted to probate in the State of Pennsylvania.

Dated Sept. 25, 1909.

(Seal) W. O. MILES, Clerk.
By H. E. Dwelle, Deputy Clerk.
W. A. Conn, Attorney for Petitioner.

NOTICE TO TAXPAYERS

The first installment of taxes, both city and county, are due and payable at the office of the Tax Collector, at the Court House, Fresno, the second Monday in October (the 11th) and delinquent the last Monday in November (the 29th.)

Both installments may be paid at the same time.

Please remember that after six o'clock on Monday, November 29th, a penalty of 15 per cent will be added, and this law will be carried out to the minute. I would advise paying as early as possible to avoid the rush that occurs the last week.

A. B. SMITH
Tax Collector,
Fresno County.

Many Positions for Trained Help

During the past year we have not been able to supply half the demand made upon us for bookkeepers and stenographers. Positions go by unfilled almost every day.

We have a full school. One hundred students have entered with us so far this month and others coming every day.

On October First

will be the biggest enrollment of the year. If you can't enter now, don't fail to come in on

OCTOBER FIRST

Write for further information if such is desired.

Notice of Sale of Franchise of a Street and Interurban Railroad by the County of Fresno, State of California, over, Along, Across and Upon Certain Streets and Highways Therein.

TO WHOM IT MAY CONCERN.

Notice is hereby given, that the Fresno Traction Company (a corporation), heretofore on the 4th day of October, 1909, made and presented its application in writing to the Board of Supervisors of the county of Fresno, state of California, for a certain franchise, running to itself, its successors and assigns, and granting for a period of fifty years the right to construct, equip, operate and maintain a street and interurban railroad over, across along and upon certain public streets and highways, and portions of streets, in said county hereinafter described, the cars to be run thereupon to be operated by electricity or other approved motive power; and

Whereas, the said Board of Supervisors did heretofore ascertain and determine that a franchise of fifty years should be granted to construct, equip, operate and maintain a street railroad over, across, along and upon the following described streets and highways within said county of Fresno, to-wit:

Beginning on First Street at or near the northerly line of Tulare Avenue and connecting with the tracks and street railroad now thereon and running thence in a southerly direction along the central portion of said First Street to the southerly line of Kern Avenue, all as per maps or plats showing said streets and avenues now on file and of record in the office of the county recorder of said county.

And whereas, it is proposed by said Board of Supervisors to offer for sale, and grant to the highest bidder said franchise on the terms and conditions hereinafter mentioned, the said franchise to be used for the transportation of passengers, express matter, the mails of the United States, and for freight.

Now, therefore, notice is hereby given that the said county of Fresno hereby offers to sell and grant a franchise for fifty years to construct, operate and maintain a street and interurban railroad over, across, along and upon the above described public streets and highways, the cars to be run thereupon to be propelled by electricity or other approved motive power, to the person, company or corporation that will pay to the said county of Fresno, the highest cash price therefor, and agree to pay and pay, to the said county two per cent (2 per cent) of the gross receipts arising from the use, operation or possession of said franchise and said street railroad thereunder, after the first five years, succeeding the date of such franchise, and semi-annually thereafter during the life thereof.

Notice is also hereby given, that sealed bids in writing therefor will be received up to eleven o'clock a. m. on the eleventh day of November, 1909, at the office of the clerk of the Board of Supervisors, and that on said day at the hour of eleven o'clock a. m. thereof, said Board of Supervisors will meet in regular meeting at the regular meeting place of said Board to open and read said bids and offer for sale and sell and award said franchise, and the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; that the said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor:

Provided only, that at the time of opening said bids, any responsible person, firm or corporation present or represented may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and such bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Supervisors to the highest bidder therefor in gold coin of the United States.

Each sealed bid must be accompanied with cash or a certified check payable to the County Treasurer of said county for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith and accompanies the same; the successful bidder must deposit at least ten per cent. of the amount of his bid with the clerk of the Board of Supervisors before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received, and will be considered as void, and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent. of the amount of his bid, as herein provided. Said successful bidder shall deposit with the clerk of the Board of Supervisors within twenty-four hours after the acceptance of his bid, the remaining ninety per cent. of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void and said franchise will, then and there, by said Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the clerk of said Board of Supervisors the remaining ninety per cent. of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited, and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him, or it, file with the clerk of said Board of Supervisors a bond running to said county in the penal sum of $500 with at least two good and sufficient sureties, to be approved by said Board of Supervisors, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside and any money paid therefor will be forfeited.

By order of the Board of Supervisors.

Dated, the 4th day of October, 1909.

(Seal) W. O. MILES.
County Clerk and ex-Officio Clerk of the Board of Supervisors of the said county of Fresno, State of California.
By A. O. Ewing, Deputy Clerk.

ASSESSMENT NOTICE

The Gypsy Oil Company, a corporation, having its principal place of business in Fresno, Fresno County, California. Notice is hereby given that at a meeting of the Board of Directors, held on the 27th day of September, 1909, an assessment of one cent (1c) per share was levied upon the capital stock of the corporation, payable immediately to the Secretary, A. W. Anderson, at the office of the company, at Rooms 303 and 304, Land Company Building, corner of "J" and Mariposa streets, in the City of Fresno, County of Fresno, State of California.

Any stock upon which this assessment shall remain unpaid on the 6th day of November, 1909, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 30th day of November, 1909, at 2:00 o'clock p. m., to pay the delinquent assessment, together with costs of advertising and expenses of sale.

A. W. ANDERSON,
Secretary, Gypsy Oil Company, Rooms 303 and 304, Land Company Building, Fresno, California.
Dated, Fresno, Cal., Sept. 27th, 1909.

NOTICE OF TIME APPOINTED FOR PROVING WILL, ETC.
No. 2698

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Marie Jensen, deceased.

Notice is hereby given, that Monday, the 18th day of October, 1909, at 2 o'clock p. m., of said day, at the Court Room of said Court, department No. 2 at the County Court House, in the City of Fresno, in said County of Fresno, has been appointed by the Clerk of said Court as the time and place for proving the will of said Marie Jensen, deceased, and for hearing the application of J. L. Jensen for the issuance to him of letters testamentary when and where any person interested may appear and contest the same.

Date Oct. 4, 1909.

(Seal) W. O. MILES, Clerk.
By H. E. Dwelle, Deputy Clerk.
W. A. Conn, attorney for petitioner.

NOTICE OF TIME SET FOR PROVING WILL
No. 2694.

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Peter Olson, deceased.

Notice is hereby given that Monday, the 11th day of October, 1909, at 2 o'clock p. m. of said day, and the court room of Department No. 2 of said Court, at the Court House in the City of Fresno, County of Fresno, State of California, have been appointed as the time and place for proving the will of said Peter Olson, deceased, and for hearing the application of Henry Burkema and Mary C. Olson for the issuance to them of letters testamentary.

Witness my hand and the seal of this Court this 27th day of September, 1909.

(Seal) W. O. MILES, Clerk
By H. E. Dwelle, Deputy Clerk.
M. H. Harris & E. M. Harris, Attorneys for Petitioners

NOTICE TO CREDITORS

In the Superior Court of the County of Fresno, State of California. In the matter of the estate of Jean Jaussaud, deceased.

Notice is hereby given by the undersigned, Marie Jaussaud, administratrix of the estate of Jean Jaussaud, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice to the said administratrix at Rooms 300 and 301 Land Co. Building, in the City of Fresno, County of Fresno, State of California, the same being the place for the transaction of the business of the said estate.

MARIE JAUSSAUD,
Administratrix of the estate of Jean Jaussaud, deceased.
Dated October 1, 1909.
Geo. Cosgrave, Attorney for Administratrix.

No. 2598.
ORDER TO SHOW CAUSE

In the Superior Court of the County of Fresno, State of California.

In the matter of the estate of Ben Lopizich, deceased.

Anton Lopizich, the administrator of the estate of Ben Lopizich, deceased, having this day presented to this Court, and filed herein his verified petition in due form of law, praying for an order of sale of all the real property of said deceased, for the purposes therein set forth to which reference is hereby made, and it appearing to this Court from such petition, that it is necessary to sell the whole of the said real estate to pay the debts outstanding against said deceased, and the debts, expenses and charges of administration.

It is, therefore, ordered by said Court that all persons interested in the estate of said deceased appear before said Court on Monday, the 11th day of October, 1909, at 2 o'clock p. m. of said day, at the Court room of said Court, Department No. 2, in the County Court House, in Fresno City, Fresno County, California, to show cause why an order should not be granted to the said administrator for the sale of such real estate, at private sale; and that a copy of this order be published for four successive weeks in the Fresno Morning Republican, a newspaper printed and published in said Fresno County.

Dated this 8th day of September, 1909.

GEO. E. CHURCH,
Judge of Said Court.
W. A. Conn, Attorney for Administrator

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS OF THE ST. GEORGE VINEYARD

ORANGEVALE COLONY
4000 ACRE subdivision near Pollasky.
WILL SELL you any size tract of the choicest and most perfectly protected orange, lemon, olive or Red Turkish tobacco lands, to be found in California.
AND THINK, by having 5 years, you make your fortune before you have to pay for your land.
20 ACRES planted to oranges, lemons or olives, 5 years of age, is easily worth $20,000. Income thereafter from $4000 to $10,000 and up, per annum, according to age of your grove.
DON'T OVERLOOK this rare opportunity to get rich before paying for the land.
10 ACRES of oranges, lemons or olives are worth as much or more than 100 acres of vines for profits.
WE CONTRACT to do all work of every nature, if desired, as long as desired, in connection with our colony.
HAVING HAD 16 years experience in Tulare county's famous orange belt, we know how to rear an orange grove aright.
WE WILL trade you lands for your houses and lots.
WE ALSO guarantee a value of $10,000 for the use of $2000 for 5 years. Larger amounts in proportion.
SEE US for the best proposition to become wealthy on a small amount that you ever heard of. Safe, sure and sound in every particular.
ASK FOR R. A. VAN LOAN, Manager, 1532 Mariposa St., Fresno, Cal.

FRESNO LAND COMPANY

FRESNO LAND COMPANY
NOW IS THE TIME to buy orange land and get it ready for planting this year. Come in and let us show you the best orange lands in this valley. We can sell you the land and also the trees cheaper than you can buy them elsewhere, and on much better terms. Come in and let us take you to see this land and explain our terms to you. If you want a producing grove we can sell you that too.

DO YOU WANT oil stock? Ask about our proposition, at our office.

WE WRITE FIRE INSURANCE

FRESNO WEATHER BUREAU BECOMES FORECAST POINT

This Enables More Accurate Predictions Based On Changing Local Conditions---New Forecaster Pleased With City

W. D. Fuller, the new weather man.

The local office of the weather bureau has been raised a notch in standing. The raise consists in the vesting of additional authority in W. D. Fuller, who will not be empowered to make local forecasts in direct opposition to those of Professor McAdie in San Francisco should he desire to do so. The added authority conferred upon the local weather man is not intended to cast any reflection upon either Mr. Fuller's predecessor, J. P. Bolton, or upon Professor McAdie. It simply means that the bureau at its main offices at Washington, D. C., has come to realise the importance of giving Fresno more direct forecasts, and accordingly made the order.

"It is the desire of Chief Willis L. Moore," said Observer Fuller last evening, "to make local forecasts of the utmost value to local interests. His whole career has been directed toward that direction. In the past the forecasts of Professor McAdie while perfectly reliable, have been made in a general way. And when it is considered that he must make a daily forecast of his entire district, which consists of the states of California and Nevada, it may be readily perceived that considering the immensity of his task he has been astonishingly successful.

"But in a community of the importance of Fresno, with its immense agricultural interests, it is desirable that accurate local forecasts should be made. Professor McAdie has not the time to devote to each locality, and it is therefore the wish of the chief of the bureau that as much as possible the local observer in the larger communities should use his own judgment. While I will be privileged to change Professor McAdie's forecasts, at the same time I will be held responsible for all the forecasts made by myself. I will be forced to render a report and no doubt will be called to task should my predictions not be reliable in a general way.

"In each locality there are peculiar conditions that must be considered in making predictions. Professor McAdie for instance, will send out a report for this valley to the effect that it will be 'fair tomorrow.' Now this may be entirely correct. But 'fair' means only that it will not rain. In reality it means that the district referred to will not receive a hundredth of an inch of rain. It does not necessarily mean that it will not be cloudy in any particular section.

"Therefore it will be up to the local forecaster to say so if it will be cloudy. I will be expected to familiarize myself with local conditions that I may be able to issue the proper warnings. I must know just what sort of weather will injure crops and which will benefit them. This is the object of the bureau in empowering the local office to make its own forecasts."

Mr. Fuller states that he is pleased to learn that the people of Fresno have the utmost confidence in the weather bureau, and that they consider it as an essential to their business. This he attributes to the excellent work of J. P. Bolton, who has just stepped down from the office to follow private pursuits. While Mr. Fuller is not saying anything at present, it would not be at all surprising to hear of further improvements in the local office within the near future.

TO WORK NIGHTS AT CRANE VALLEY

Extra Crew of Laborers to Be Engaged.

Power Company's Machinery Is Now Installed in Its Place.

Manager A. G. Wishon of the Fresno Traction Company, stated yesterday that within the next ten days a night shift would be started to work at the Crane Valley operations of the company. The machinery which has been arriving at intervals for the past several days is now in place, and arrangements for the hireing of the extra men are now under way.

At present there are between four and five hundred men on the company's payroll at Crane Valley, and though Manager Wishon as yet cannot definitely ascertain just how many more men will be needed, as soon as the night shift is started it is certain that at least two hundred more will be used.

It is stated by the company officials that laborers are at present difficult to secure, owing to the fact that the fruit season is not yet entirely over. But as soon as the trees and the vines are stripped of their product, it is expected that help will be a drug on the market for a while at least, and that the larger corporations which just now are shorthanded will have no further trouble in recruiting.

LOUIS C. OTT HELD TO HIGHER COURT

To Answer Manslaughter Charge; Telfer Is Released; Exonerated By Ott.

Louis C. Ott, the motorman in the employ of the Fresno Traction Company, who is charged with manslaughter, was held to answer yesterday to the superior court by Judge Briggs, after a short hearing, his bonds being fixed at $3,000. L. F. Telfer, the conductor who was also charged with manslaughter, was released.

At the hearing yesterday, which was continued from last week, testimony [illegible] by Ott and Telfer at the coroner's inquest was introduced by Deputy District Attorney McCormick. In this testimony, Ott is reported as taking the blame for the accident himself, exonerating Telfer. It was [illegible] made by Ott that [illegible] yesterday, while [illegible] cases against Ott

SAYS F. U. MEDIUM OF RAISIN CONTROL

Should Not Be Judged By Unsuccessful Ventures of Some of Its Members.

Editor Republican:—Mr. Goldstein admits that the Farmers' Union is a good medium for getting the growers together, now let the balance of the packers, the business men, the banks and Mr. Rowell do likewise. Let them read the history of the Farmers' Union movement from its inception to the present time, it is in book form and will cost them only $1.50, and they will be further convinced for it has been the salvation of the cotton growers, and will yet be the salvation of the raisin growers.

Get busy everybody, and learn what the Farmers' Educational and Co-operative Union stands for. It is the grandest organization on earth and should have the good will of everybody. Do not judge it by the unsuccessful ventures some of its members have made in the past, but get into it, all, large and small growers, and you have a medium through which you can control the situation and control it quickly.

If the responsible contract Mr. Goldstein mentions is not in existence, one could very quickly be drawn, and in the presence of the calamity that is confronting us now, a man would be a traitor to his children if he would not sign it.

Away with all personal difference of opinion, with likes and dislikes, any three men who would not be honest and true in the presence of this emergency could not again face their brother man. What does Mr. Goldstein say? "If the Union had the goods there would be an end of it, for the packers perforce would have to buy from it at the price fixed by the board of control."

Then growers, get in immediately and give the Union control, the remedy is simple and without insurmountable obstacles. little money is needed and no opposing forces to overcome, we will do something that will command the admiration of the commercial world.

Yours for success,
H. W. WRIGHTSON.
Fowler, Oct. 4, 1909.

SEEK CO-OPERATION IN TOBACCO PLANT

Promoters of Proposition Will Ask Public to Take Stock in the Enterprise.

M. F. Schmitt and S. R. Heath, president and secretary of the Turkish-American Tobacco Corporation, which has bought a tract of land in the Wahtoke tract for the culture of Turkish tobacco, are in Fresno to secure public co-operation in the enterprise. They will appear before the Chamber of Commerce to obtain endorsement of their plan. They propose to build a factory in Fresno for the handling of the product of the 500 acres recently bought in Clark's valley. The plan is to give an acre of land with every 500 shares of stock taken at $1 a share. The company agrees to cultivate the land and purchase the crop at 25 cents a pound.

LOCAL ROUTE FOR PRESIDENT TAFT

Party Will Be Taken Around Court House Park.

Heavy Wires to Keep Crowd from Surging Out Into Streets.

Following is the route along which the automobile of President Taft will pass in Fresno on Sunday next: From the Southern Pacific depot up Mariposa to J street; thence along J to Fresno street; up Fresno to M street, and then on to Tulare along M street; the auto will then pass down to Tulare back to K street and along that thoroughfare to the corner of Fresno street where the president will leave his machine and proceed to the band stand in Court House Park to deliver his speech.

The route was selected at a meeting held yesterday afternoon by the committee chosen for the purpose and will probably allow more people to see the president as he rides by than any other that could be selected in view of the fact that the president will be here on Sunday and has some objections to participating in a procession on the Sabbath.

The committee also decided that heavy wire will be used to hold the crowds back from the street instead of rope, as it was at first proposed. The San Joaquin Light and Power Company has volunteered to furnish the necessary wire free of charge and George C. Roeding has been appointed a committee of one to engage the men necessary to stretch the wire along the entire route. It will be noticed that the route selected will take the president around the entire Court House Park. There is no doubt that many thousands of persons, and especially those from out of town, will congregate in the park, which will offer better places of vantage than any other spot on the route.

A suggestion has been offered to the general committee that President Taft be asked to deliver his address from the Court House steps instead of from the grand stand. It was argued that if the president should speak from the steps he would be elevated more than he will be at the band stand and that more people will be able to see as well as hear him. This suggestion, however, was not received with favor owing to the reticence of the distinguished visitor to do anything that may seem spectacular, on the Sabbath.

Only two reservations for seats will be made for spectators in front of the band stand on the occasion of the president's address. On the right of the stand a section of seats will be roped off for the Grand Army men and the Spanish War Veterans. On the left hand side another section of seats will be roped off for the use of the committee of arrangements. The platform will therefore be left clear for the speaker, the choir, the ministers and the mayor, who will introduce the president. Mayor Rowell has stated that he will make no extended remarks. He will simply present President Taft to the audience and then resume his seat while the visitor speaks.

A meeting of the teachers and of the committee consisting of A. M. Drew, A. L. Hobbs and C. L. McLane was held yesterday afternoon at the Washington Grammar school for the purpose of arriving at some understanding as to what part should be taken by the school children in the reception of the president. A number of the teachers were also present, but after considerable discussion the meeting was adjourned without any definite conclusion having been arrived at. The teachers were rather backward about agreeing to assume the responsibility for the safety of the children, in view of the large crowd that is expected to be present for the visit of the president. It was decided, however, that today the principals of the various schools will discuss the matter further with their teachers. Another meeting will then be called this afternoon after school and a final decision arrived at.

The members of the Japanese Association have decided to take a prominent part in the reception of the president. A meeting of that organization was held yesterday afternoon and an order was issued that every Japanese business house display a flag on Sunday next as a sign of welcome. The individual Japanese will each wear a ribbon badge on his coat.

The Ministerial Union has announced the following exercises at the park on the occasion of the president's visit.

Singing, "Coronation."
Scripture lesson.
Prayer, Rev. Thomas Boyd.
Introduction of Mayor, Rev. Charles Cake Woods.
Introduction of President Taft, Mayor Chester Rowell.
Singing, "America."
Benediction.

MUSCATS ALMOST READY TO DELIVER

The second crop of Muscat grapes will soon be on their way to the wineries. It is stated that the California Wine association is paying $5 per ton, while some of the independent wineries are going as high as $9 per ton.

According to reports the second crops of Muscats is short this season, and will be but little more than half as large as last year's crop.

Zinfandel grapes are still being delivered to the wineries, the bulk of the grapes going to the independents, notwithstanding that at times it is necessary to make longer hauls.

REVENUE OF CITY FROM LICENSES

City Collector Mortimer reports license business for the month of October totaling $15,119, namely licenses released September 1, $2698.50, issued during the month $10 121.50, fractionals sold $299; licenses sold during the month and cash paid in $9453, on hand $3686; licenses cancelled $155.50, on hand October 1, $3486.50. For the quarter the license business represented $26,771.90 in $25,693.50 licenses issued and $1078.40 fractionals sold; $22,661.90 sold and cash paid in and $7910 on hand; $429.50 in licenses cancelled and $3486.50 on hand.

SMUGGLERS FIGHT MEXICAN RURALES

EL PASO, Texas, Oct. 4.—Using their train of pack burros loaded with contraband goods as breastworks, a gang of smugglers battled with a squad of rurales near Salinas, in the State of Coahuila, Mexico, and came out victorious, forcing the rurales to withdraw and escaping with their goods into the mountains. One smuggler was killed and several rurales were wounded.

BROTHERHOOD HAS REGULAR MEETING

Presbyterian Men Gather Around Banquet Board.

Many Topics of Interest to Church Are Taken Up for Discussion.

Members of the Presbyterian Brotherhood to the number of about forty were present at the regular meeting of that body held in the First Presbyterian church last night. Preceding the regular business meeting, the ladies of the church had prepared a bountiful supper which was enjoyed by all present.

Within the near future it is very probable that the Brotherhood will give monthly musicales in the auditorium of the church for the general public. Plans for the starting of these musicales were discussed last night and it is expected that within a very short time definite arrangements will be made.

A. L. Munger stated that it might be possible for the Brotherhood to secure lecturers from Oakland and Alameda who are coming to lecture for the Y. M. C. A. this winter to address the Brotherhood at different meetings to be held this winter.

Among other things taken up by the Brotherhood last night was the matter of finishing the payment of the improvements which have been made on the Sunday school room in the basement. Subscriptions were received which will practically meet all debt. The members also considered the financing of other propositions in connection with the church.

A suggestion was made that a Bible class be formed in conjunction with the Brotherhood, but no definite action was taken. The Brotherhood last night also considered the question of providing amusements for boys between the ages of 12 and 14 years. A. C. Olney was delegated to look into this matter and report next week.

The regular meeting night of the Presbyterian Brotherhood will hereafter be Tuesday night instead of Monday. This was so decided last night. The next meeting will be held on the evening of September 26.

Committees were appointed last night as follows, chairmen only being named: Program, A. C. Olney; entertainment, H. Z. Austin; membership, G. L. Aylesworth, A. L. Munger, Dr. Thomas Boyd; finance, Wyllie M. Giffen.

MANY OFFENDERS IN POLICE COURT

Emerson, Would-Be Officer, Gets 60 Days, Suspended During Good Behavior.

Judge Briggs had a large array of petty offenders before him yesterday morning and he was not slow in meting out punishment in practically every instance.

George Emerson the man who came into the limelight Sunday when he arrested James Dunne for begging, despite the fact that he had no authority, was released on sixty days' suspended sentence, the judge forcibly reminding him that he would have to behave himself to avoid further punishment. James Dunne, his victim, was given five days for vagrancy.

Nelson Borree, the man who was arrested on Saturday for creating a disturbance because Mrs. Ethel Shipley asked his wife if she was married to him, was released yesterday when he stated that he and his wife had removed from the Shipley residence.

B. Morilla was given five days for disturbing the peace. J. T. Marsh, accused of drunkenness, was given suspended sentence. C. H. Allen was given five days for drunkenness and H. Finley received a $5 fine for a similar offense. E. Hunsaker was given a five day floater for drunkenness. A. Seferino and John Connolly both received five day sentences for drunkenness and John Spencer received a similar dose for a similar offense.

John Coy was given a ten day sentence for indecent exposure and George Marshall received a similar sentence for begging on the streets. Harry Hoxie paid a $5 fine for violating the hitching ordinance.

TO SPEAK AGAINST CHRISTIAN SCIENCE

Frederick W. Peabody, Lawyer of Boston, Announces Exposure of Eddyism.

Frederick W. Peabody, LL. B., of the Boston bar, will deliver a lecture Thursday evening at the M. E. church on "The Complete Exposure of Christian Science." The following synopsis of the lecture will give an idea as to the manner in which the speaker will handle his subject:

"Personal sketch of the founder. Demonstration of the fraudulent character of the 'religious' phase. Mrs. Eddy's claim of equality with Jesus. The 'revelation,' the 'inspired' volume and the latter-day fetishism. The Eddy 'miracles' and the bogus character of the 'healing' phase. Delusional diseases and delusional cures. The monarchy of the 'leaders.' The death of the 'completely cured.' The motives of the 'founder'—money and power. A greed without parallel—a debasing despotism. A charlatanry unapproached by other imposters—a self abasement unreached by other dupes. The black magic of Eddyism, and its efforts to cause disease and to kill. The vileness of the 'founder's' conception of marriage and her 'inspired' teaching of the iniquity of childbirth. An amazing contrast with Jesus."

There will be no charge for admission.

POLLASKY FREIGHT CAR LEAVES TRACK

One of the cars on the extra freight on the Pollasky branch "jumped" the rails last night while the train was a few miles out of the city on its way in. The train as a consequence was delayed in its arrival. Aside from tearing up a few ties and ruffling the feelings of the trainmen, no damage was done. The "extra" was only a short time delayed in its arrival.

MAN FALLS DOWN AND HURTS HEAD

While reeling along in an intoxicated condition, George Sloker fell to the sidewalk on G, between Tulare and Kern streets, yesterday and suffered a laceration in the back of his head. He was brought to the emergency hospital where his injuries were dressed by Dr. Aiken. They were not of a serious nature.

SUNDAY FUNERALS MAY BE ABOLISHED

Ministerial Union Renews Movement; Committee Appointed to Meet With Undertakers.

After many years of lethargy, the movement for the abolition of Sunday funerals has again been revived in Fresno.

At a meeting of the Ministerial Union yesterday morning, a committee from that body was appointed to meet with the local undertakers and see if an arrangement cannot be reached whereby Sunday funerals will no longer be held.

The ministers of the city claim that it means a great deal of hard labor for them when funerals are held on Sunday, as they have to attend these in connection with other duties and they claim that it taxes their strength.

The committee appointed to meet with the undertakers is composed of Dr. Thomas Boyd; Rev. Ray O. Miller and Rev. Duncan Wallace.

TO WITNESS LAYING OF CORNER STONE

John Fechter Jr., A. L. Munger and J. Q. Anderson left last night for San San Francisco to witness the laying of the cornerstone of the new San Francisco Y. M. C. A., which will take place today. President Taft will lay the cornerstone.

A. L. Munger and J. Q. Anderson are members of the state Y. M. C. A. committee and they with Mr. Fechter will occupy seats on the president's platform at the exercises.

Health-Ray Glasses

The Health-Ray Lens is now alike to the dealer and to the people and while it has been on the market in a quiet way for some time, only recently had we occasion to inquire into its merits, and now offer it to our trade.

The Health-Ray Lens is the Lens of universal quality light. It admits to the eye ninety per cent more of the vital light that gives growth to vegetable life, and health, and tone and vigor to human life, than does the old lens.

We have simple tests that demonstrate the wonderful light-transmitting qualities of this lens, but only in actual wear can its excellence be appreciated.

We shall be pleased to have you call and examine into the merits of this wonderful new lens of light and good sight.

LOCAL WRITER GETS $25 FOR ANECDOTE

Charles Chambers yesterday received a check for $25 from the Cosmopolitan Magazine for an anecdote submitted in a contest conducted by the magazine. The point to the anecdote Mr. Chambers submitted is this: On a crowded steamer, three days out, a passenger demands that the captain provide him a bed. The captain asks where he had been sleeping and the passenger replies that he had been sleeping on a sick man, but as the latter had recovered, he refused to be longer used as a mattress.
